

ASSEMBLY CONFRONTED BY A HERCULEAN TASK

Gov. Nash Will Soon Issue Call For Extra Session of Legislature.

THE SUPREME COURT'S SWEEPING DECISION

Invalidate Acts of Special Legislation in Practically All Ohio Cities and Towns.

A COMMISSION TO BE APPOINTED TO DRAFT A CODE

From a Staff Correspondent.

Columbus, June 28.—Governor Nash met with the state officials yesterday to discuss the matter of an extra session of the legislature. The sweeping decisions of the supreme court have destroyed the whole fabric of city governments of the state and there is nothing left for the legislature to do but to reconvene and devise a system, uniform in application, for all municipalities. The decision also affects all special legislation, making it invalid. The far-reaching effect of the decisions is beginning to dawn with full force upon the people and is filling them with consternation. There is hardly a city, village or hamlet in the state which has some form of special legislation which is invalidated.

The legislature has a herculean task before it. It must, perforce, practically reconstruct the entire system of government for Ohio cities. It is stated that Governor Nash meditates appointing a commission to be composed of leading members of the bar to draft a general code and submit it to the legislature.

Governor Nash is very much perturbed. He is deliberating on the situation and expects to announce in a week or so when he will issue a call for the assembling of the legislative solons. He will submit a message at the opening of the session recommending action which, in his judgment, he thinks the legislature should take.

There have been five extraordinary sessions of the legislature since Ohio was admitted to statehood. The last was convened by Governor Campbell, October 14, 1890, for the purpose of passing an act reorganizing the government of Cincinnati. The legislature

had its work for nothing, for the supreme court declared the act unconstitutional.

The reconvening of the legislature will create a big expense. While the members will receive no extra compensation, the vast army of attaches will, and the longer the session lasts the greater the size of the bill, as the latter are paid by the day, Sundays and holidays included.

The court's action with reference to the illegality of special legislation is based on article 13 of the constitution which prohibits the conferring of corporate powers by special legislation. The court holds the Cleveland charter law, which is knocked out, is in contravention of this provision of the constitution. The present charter of Columbus is to be assailed in the courts and there is not the slightest doubt it will be declared unconstitutional. Meanwhile the city may have two rival governments, it being stated that council will resume its prerogatives under the original law which gives it direct jurisdiction over certain city departments now under control of the mayor.

In discussing the decision in the Cleveland case Attorney General Sheets said that while it did not strike immediately at any other city, they not being nominally parties in the suit, he had no doubt but that their governments would be set aside by the court were test suits brought.

The supreme court adjourned yesterday for the summer vacation, reconvening in September. One of its last acts was the declaring constitutional of the Lenworth omnibus bond bill. Under this act bonds may be issued by any municipality for almost any local purpose.

BENEFICIAL SOCIETY

AN EXAMPLE OF HOW IT WORKS IN EAST LIVERPOOL.

One Which is in a Thrifty Condition Maintained at National

If there ever was a benefit association in an East Liverpool pottery that was doing good work it is certainly that known as the 'Employees' Benefit association, located at and composed of workmen at the National pottery. This association has been in existence since Nov. 2, 1901, just a little over six months, and it has proved a power of its kind. Last Wednesday afternoon, when the workmen had completed their day's work, the semi-annual meeting was held for the purpose of electing officers for the new year. This resulted as follows: President, Thomas Yates; vice president, Charles Bright; general secretary, James S. Noah; treasurer, Samuel B. Larkins. During the short life of this organization there has been paid out in benefits \$153.75, which left a balance of \$242.25 in the treasury. A dividend of \$3 was declared for each member, which shows the organization, while in excellent condition financially, is on a paying basis. There were about 100 members in the association during the past six months, but as a number of these have gone to other shops they forfeited their membership. There are at present 71 members, and each of these received the stated dividend. The dues of the association are but 25 cents each pay, and if a member is ill he receives \$5 per week for a term of 52 weeks. Charles Ross, the young East End man who died as a result of a gun shot wound, was about to become a member of this association. His shopmates, who in the main were members of the association, made up a purse of \$5 and presented it to his mother, Mrs. Charles Hays. Unless something unusual occurs the next meeting of the association will be held the first

Wednesday before Christmas. The shop collectors have not been appointed by President Yates, but this is expected to be done next week. There are five appointments to be made.

The Summer Shut Down.

Next Thursday the employees of all the potteries under the control of the East Liverpool Pottery company, will receive 16 days' pay. Their regular pay day was to have been today, but the company thought it wise to pay the men up to the shut down, and the men thought this a good plan also. Many other potteries in the city will follow the same plan, a system that has been followed by the East Liverpool manufacturers for years.

Has a Coronation Medal.

Columbus, June 28.—(Special)—Thomas Filmer, of Cleveland, who sells oil to the East Liverpool potteries, also a prominent member of the Sons of St. George, exhibited a coronation badge in Columbus which he brought with him from England. It is of gold, a little larger than the American silver dollar, bearing on one side the heads of the new king and queen and on the reverse the dates of birth and coronation.

New Trial Granted.

Lisbon, June 28.—(Special)—In the case of D. T. Lawson, of Wellsville, versus Thomas Lawson, the judgment for the defendant, rendered some time ago, has been set aside, on the ground that the verdict was against the weight of the evidence. A new trial was granted. D. T. Lawson was trying to collect \$25 for one month's rent for Lawson Bros.' store room in Wellsville.

Two More Prisoners.

Lisbon, June 28.—(Special)—Sheriff Leonard brought Joseph Wilkinson and Zimri Whitacre, both of Wellsville, to the county jail yesterday. It is claimed that these men are insane and they will have a hearing before Judge Boone at an early date.

W. T. HARRIS. W. M. BEARDSHEAR.
EXECUTIVE OFFICERS OF THE NATIONAL EDUCATIONAL ASSOCIATION.

Two men who will be prominent in the deliberations of the National Educational Association, which will hold its forty-first annual convention in Minneapolis July 7-11, are W. M. Beardshear, the president, and William T. Harris, commissioner of education of the United States. Special rates have been made by all railroads and most of the prominent American professors of pedagogy will be present.

A DATE IS FIXED

For County Primary—None Will Be Held If But One Candidate.

Lisbon, June 28.—(Special)—The Republican county executive committee met here, every member present, at 1:30 this afternoon. A resolution was adopted calling for a primary to be held on Saturday, June 12, between the hours of 12:30 and 6:30 p. m., to select a candidate for congress. The places for voting are to be designated by the county committee in the fall.

All persons desiring to be candidates shall be required to notify the chairman of the executive committee on or before noon July 5, and pay to the treasurer of the committee an assessment of \$200 to cover the necessary

expenses. On failure to pay the name of the candidate shall not go on the ticket.

The Australian ballot system is to be used in the election, and the candidate receiving the highest number of votes shall be allowed to name the delegates from his ward or township.

In case there is but one candidate the primary shall be dispensed with, and the candidate entitled to name the delegation as provided. The resolution was presented by W. L. Smith, seconded by Hon. I. B. Cameron, and was passed unanimously. It is thought there will be but one candidate.

POTTERY WORKERS HAD A BAD FRIGHT

Two Were Slightly Injured And Another So Scared That She Fainted.

A BANISTER CAVE WAY

And Those Sitting on the Railing Were Precipitated to the Ground on Top of a Pile of Broken Ware. Narrow Escape.

A serious accident was narrowly averted at the Diamond pottery of the East Liverpool Pottery company yesterday afternoon. It resulted, however, in more excitement than injury. Three employees of the plant were sitting on the banister railing at the top of the landing leading to the office of the plant when it gave way, causing two persons, Parker Harley and Miss Ella Knowles, of the warehouse department to fall to the ground, a distance of about eight feet on top of a small pile of broken bisque ware. Miss Alice Earley, who was also on the railing when it broke, caught another part of the frame work, and by so doing prevented a fall.

Miss Knowles received a deep gash over the right eye, and was also otherwise injured about the head. Mr. Harley was injured about the arms and legs but not seriously. He was able to resume his work this morning.

Miss Earley, who is the forewoman of the warehouse girls, fainted shortly after the accident, caused by fright, and was compelled to be removed to her home.

During the afternoon Miss Sallie Greenwood, a steamer at this plant was overcome by a fit in the biscuit warehouse, in which state she remained for almost two hours. She also was removed to her home.

FIGURES TELL OF PROSPERITY

Equalization Board Reckons Up East Liverpool's Taxable Valuation.

LARGE SUMS ARE NOW ADDED

To the Assessors' Returns on Personal Property and New Buildings.

RAPID STRIDES OF THE CITY

The board of equalization left this morning for Lisbon to submit their report to Auditor J. F. Adams, having completed it yesterday after several weeks of arduous work.

On personal property in the city the board made an increase over the assessors' figures of \$10,070.

By wards the increase made was as follows: First ward, \$2,860; Second ward, \$4,530; Third ward, \$1,530; Fourth ward, \$270; Fifth ward, \$880.

The assessors' figures on new property—that is, property that has been improved and finished since June, 1901—the board found were just \$96,530 too short.

The assessors valued the 84 new structures in the First ward at \$60,575, and the board found an increase of \$34,125.

The 32 new structures in the Second ward were valued at \$33,600. The board raised it \$15,920.

In the Third ward the assessor made the valuation on 14 new houses \$9,855, which fell short of the board's valuation \$21,000.

In placing the valuation on the 49 new structures in the Fourth ward the assessor only fell short \$2,910.

The Fifth ward shows by far the greatest amount of improvement. The number of new structures in this ward come within 43 of the total number in the remaining wards. The assessors' valuation was \$96,000, while that of the board amounted to \$137,475.

From the above figures alone it can be seen that the city is making great and rapid strides toward modern improvement. It is predicted that building will increase during the coming year, and that the valuation of new to the courts of a committee composed of a half million of dollars.

THE RUTTERS ARE FREE

Lisbon, June 28.—(Special)—Al and Mrs. Alice Rutter, of Salem, who have been in the county jail for about a month, the former on a charge of fornication and the latter accused of infanticide, are now free. The proof before the grand jury did not sustain the charges.

It was proved that Mrs. Rutter gave birth to a child, but it was not proved that the child found was hers. Mrs. Rutter's daughter, who had received letters from her mother, written in jail, was supposed to know the whole story, but would give nothing away, although closely questioned and accused of lying.

EAST END

DECLARED A NUISANCE

The Illegal Use of Firearms in the East End Must Cease.

Officer Jay Fisher, of the East End, has sent forth the word that the first person caught in the act of discharging firearms in the Fifth ward will be arrested, and given the pleasant duty of increasing the city treasury. The uncalled for use of firearms in this part of the city has become a nuisance and numerous complaints have been made to the East End authorities along this line. Action is now to be taken, and all violators of the city ordinance will be harshly dealt with.

This morning hardware dealers in the East End were reported doing a good business in the sale of cartridges, sales mostly being made for the smaller cartridges. Several boys were shooting Robert rifles along the railroad track just west of Mulberry street, but this fact was not known to the authorities at the time.

James Welsh is an expressman, and makes frequent trips between the city and the East End. A few days ago he was hauling a fine piano to the East End, along Pennsylvania avenue, and during the trip a report of a firearm was heard, and shortly afterwards it was discovered that a bullet had struck the front of the piano in his wagon, and a mark of this sort is anything but beautiful to such an instrument. It was stated that the bullet was a 22 long cartridge. Although an investigation was begun to ascertain who fired the shot was commenced the search was unsuccessful.

Show Boat Nearly Built.

After many weeks of hard work the show barge that is being built on the Ohio side at the foot of Bab's Island will soon be completed. A few weeks ago it was stated that a show boat would soon start down the river, but at that time it was thought the craft would be built at Pittsburg. The sides are now being placed on the barge, and the stage has about been completed. If possible the first performance will be given at the wharf in this city about next Friday.

Street Railway Men's Meeting.

The regular monthly meeting of Division No. 52, street railway employees, will be held this evening in Protected Home Circle hall on First avenue. There is not very much business except of a routine nature to be considered, other than the initiation of several new members. A few applications for membership are also to be presented.

Not Much Stock on Hand.

The work of taking stock at the East End plant of the American Sewer Pipe works is now in progress, but it will not be completed for several days. There are two men at this work, and as some very large shipments are being made from this plant, it will be found that not an extensive stock is on hand.

Another Gypsy Camp.

A camp containing three families of gypsies is now located at Dry Run. Two gypsy women were in town last night and attracted a great deal of attention by their peculiar dress. One of them had a chain of foreign coins strung about her neck, besides other medals.

DOWN THE OHIO

Probable Route of a Railroad Which Pittsburg Capitalists Are Projecting.

It is thought that the recently organized Pittsburg Terminal Railroad and Coal company is merely the beginning of the construction of another railroad that will give the immense tonnage of the Pittsburg district an outlet to the west and southwest.

While their names have not yet been connected with the company those who are said to be furnishing the capital and who are believed to have planned the entire affair are Henry C. Frick, Charles Donnelly and Frank F. Nicola.

The Pittsburg Terminal and Coal company already has a Pittsburg terminal. It owns the West Side Belt railroad, which was formerly known as the Pittsburg and Little Sawmill Run railroad, and its terminal is on West Carson street.

During the past month or more the residents of points down the Ohio river, have been more or less puzzled by surveying corps that have been driving their stakes along this route. At least three corps have gone over the route, and it is now stated that these surveyors are in the employ of the Pittsburg Terminal Railroad and Coal company, and that the surveys are being made for a proposed extension of the railroad down the Ohio river.

The purpose of the company is said to be that of extending the railroad, branching out from the present line south of Sheridan, cutting across that borough, Esplan, McKees Rocks and Neville Island, and then paralleling down the Ohio. The road, it is said, will follow the river as far as Steubenville, and from there cut across Ohio to take in the more important towns. The new line, it is said, is to be carried west 200 miles, there to connect with independent lines running further west and to the southwest.

Then "Knocky" attempted to take her home and leading her by the arm, started down Sixth street.

Arriving at the Diamond Mrs. Smith calmly slid from under her shawl and began a lively sprint down the thoroughfare, leaving "Knocky" to explain matters to the throng that was attracted to the scene.

INTO PROFOUND NEGLECT.

The Stock Market Fell on Friday. Some of the Features.

New York, June 28.—Yesterday's stock market fell into profound neglect. Except for the dealings in one or two stocks, which were selected by the supporters of the market for their sustaining effect, there was almost nothing doing. St. Paul was again the leader and there was a spurt in Illinois Central during the day, which had no news to explain it. Missouri Pacific continued in good demand, but its rise did not extend to a point at any time. The industrials were weak in spots, but were even more neglected than railroads. The passing of the dividend on Colorado Fuel caused a drop of 4 points in that stock on active selling.

The stock fluctuated feverishly all day and closed at a net loss of only 1/4. The passing of the dividend on Ice preferred was reflected in the movement of these stocks, the preferred declining an extreme 3 3/4 and closing at a recovery of 1 3/4. Amalgamated Copper was under pressure again, but met support at about 63, as on the previous decline. The market eased off in the late dealings and closed heavy below the best in all cages.

GOOD NEWS OF KING.

Physicians Last Night Reported His Condition As Satisfactory.

HE MADE SUBSTANTIAL GAIN

And Had a Comfortable Day, Yesterday—Opinions of Prominent Physicians Were That Recovery Was Probable—Rough Element Rioted

London, June 28.—King Edward's improvement was maintained at 1 o'clock this morning.

London, June 28.—"It's the best yet," was the popular comment with which the bulletin posted at Buckingham palace at 11 o'clock last night was greeted. A small crowd waited before the palace until the bulletin was brought out, and when the good news became known there were cries of "Hear! Hear!" and cheers. Lord Churchill, the acting lord chamberlain, drove up to the palace just as the bulletin was issued, and he expressed his keen pleasure at the doctor's report of the king's condition. After learning the contents of the bulletin the crowd at the palace quickly dispersed and the rejoicing, which was already apparent in the crowded streets, increased in keeping with the terms of the latest report.

A Pleasing Bulletin Last Night. The 11 o'clock bulletin was as follows:

"His majesty's condition is in all respects satisfactory. The king has had a comfortable day and has made substantial improvement. (Signed) "Treves, "Laking, "Barlow."

The Prince and Princess of Wales dined at Buckingham palace last night in company with several foreign royal personages. All the diners returned early to their homes.

The unanimity among prominent physicians in expressing their opinions as to the case of the king was quite remarkable. All the professional opinions gathered were distinctly favorable and hopeful; the doctors regarded the danger of peritonitis as almost past and believed his majesty's recovery to be entirely probable.

Liverpool was illuminated last night in recognition of the good news.

Riots Among Rough Element. The provincial hoboies in several minor towns who were deprived of their expected feasts and the opportunity to "maffick," indulged in angry demonstrations against the local authorities who had postponed public dinners and festivities yesterday.

Smashing windows was the favorite form of protest. In some cases the "hooligans" lit the bonfires which had been prepared for the celebration of the coronation.

The most serious disturbances occurred at Watford, 15 miles from London. Early yesterday morning a mob overpowered the police, wrecked several shops and set fire to a store owned by the chairman of the town council. A number of special constables were sworn in and the disturbance was quelled.

A Total Eclipse.

Any man can produce a total eclipse of the sun, so far as he himself is concerned, by holding a dollar close to his eye. The total eclipse of health is often produced in much the same way, by letting the dollar shut out from view all other things and interests.

A great many people pay for wealth with health and admit at last that they have made a poor bargain. In the chase of the dollar people are too eager to take time to eat regularly or choose proper food, the stomach becomes disordered or diseased, the food eaten ceases to nourish, and physical breakdown comes.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition and so enables the strengthening of the body, in the only way by which strength can be obtained, by food properly digested and perfectly assimilated.

"I suffered for four years with pain in my stomach so that at times I couldn't work nor eat," writes Mr. Frank Smith, of Granite, Chaffee Co., Colo. "I wrote to you about my sickness, and was told to use your medicine, which I did with good results. I only used four bottles of 'Golden Medical Discovery,' and must say that I am entirely cured, and feel like a new man, and I can highly recommend your medicine to any sufferer."

TELLER HITS RECIPROCITY MEN.

Beet Sugar Advocates Will Never Consent to Reduction, Unless Whole Tariff is Revised.

Washington, June 28.—Quite unexpectedly a sharp debate arose in the senate yesterday on the question of Cuban reciprocity. Mr. Teller, of Colorado, at whose instance the senate committee on Cuban relations made its investigation of the subject, delivered a spirited speech in opposition to reciprocity with Cuba. He charged that the entire reciprocity propaganda had been backed by the American sugar refining company and by Americans who were interested financially in Cuban sugar plantations. The purpose, he said, was to strike down an important agricultural industry of this country. He was willing to join in a general revision of the tariff to meet changed conditions, but unless the duties on iron and steel and other products were reduced, together with those on sugar, in order that the arrangement might be equitable, the beet sugar growers never would consent to a reduction on their product.

Platt Against Annexation. Mr. Platt, of Connecticut, chairman of the Cuban relations committee, replied to the Colorado senator. He maintained that there was nothing sordid in the desire to promote reciprocal relations between the United States and Cuba, and said the making of some concessions to Cuba was a plain duty of this country. It was a duty which this government owed to itself, as well as to Cuba, because absolutely friendly relations with the new republic were a necessary means

of So. Glen Falls, N. Y., describes a condition which thousands of men and women find identical with theirs. Read what he says, and note the similarity of your own case. Write to him, enclosing stamped addressed envelope for reply, and get a personal corroboration of what is here given. He says regarding

Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nerve with the Heart Cure and the effect was astonishing. I earnestly implore similar sufferers to give these remedies a trial."

of defense to this country, unless the United States should annex the island. That, he hoped, would not be done, as he regarded annexation as a grave menace to our institutions. The District of Columbia appropriation bill was disposed of finally, as were several other less important measures.

WILL FIGHT TO GET HAHN.

Assistant District Attorney Garvin Was to Leave For Mansfield, O., Last Night.

New York, June 28.—Assistant District Attorney Garvin was to leave last night for Columbus, O., where he will make a legal struggle to bring to this city William M. Hahn, formerly vice president of the Manhattan Fire Insurance company, who is under indictment here charged with the larceny of \$39,360 from the company. Mansfield, O., June 28.—Detective Bindley, sent here from New York after ex-Senator Commissioner William M. Hahn, wanted at New York on the charge of grand larceny of \$39,360 of the funds of the defunct Manhattan Fire Insurance company, made no attempt yesterday to get him from Chief of Police Well. Hahn, accompanied by the chief, was on the streets during the day. The habeas corpus proceedings had been anticipated, but nothing was done. Last night Harry M. Daugherty, Hahn's attorney, and C. F. McBride, representing the New York district attorney, were called to Columbus to meet Governor Nash today. Hahn and Chief of Police Well were at Hahn's farm last night.

Chronic Diarrhoea.

This disease is generally regarded as incurable, mainly for the reason that the remedies usually employed are ineffectual. That it can be cured, however, has been fully proven in many cases. The following tells of one of them: Mr. T. W. Greathouse, of Prattsburgh, Ga., says: "I had been suffering from chronic diarrhoea for seven years. Last year I began taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it has entirely cured me. I had spent lots of money for doctors' medicine in the run of the seven years. If it had not been for this remedy I would have been dead now, and I feel that I can never say too much in its favor or recommend it too highly." Sold by Alvin H. Bulger, Druggist.

Dr. J. A. Lindsay, of Sallenville, has heard from his son, Samuel, in the Philippines. He is not lost as reported.

Because their cow died, Andrew Plato, of Mingo Junction, beat his wife so severely that she is expected to die. He then disappeared.

Ernest Merrell, a Massillon electrician, was beaten unconscious and robbed of \$25 by a one-legged highwayman, who used his crutch as a weapon.

Wesley Bancroft was convicted at Ravenna of first degree murder in connection with the death of Chauncey Hiccock, a wealthy farmer of Garrettsville.

Rev. N. N. Buxton, near Sharon, Pa., found a burglar trying to open one of his windows. He gave the thief a pummeling and religious advice, then let him go.

George Musser, age 62, a prominent citizen of Wooster, died from the effects of a fall received while helping to decorate the interior of the Wooster Christian church.

Joseph Rothgerber, who was acquitted at Youngstown of cutting with intent to kill W. D. Simms, the same night attempted to use the same knife on Mrs. Olive Myers, his landlady, and two men.

A charge of bigamy was made at New Brighton, Pa., against Joseph Bungo, who six weeks ago married Miss Blanche Miller, of that town.

The charge was made by a woman who says she was married to Bungo several years ago. Bungo has disappeared.

THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrh, Coughs and Colds.

MR. AND MRS. PETER HOFFMAN, KYLERTOWN, PA.

MR. PETER HOFFMAN, Kylertown, Pa., writes:

"I was deaf for five years and could find no help. I was completely deaf; was afflicted with shortness of breath, bronchitis, trouble in the throat, so that I was in misery. Through one of Dr. Hartman's almanacs I decided to try Peruna, and bought a bottle.

"I took three bottles and now feel real well; my hearing is good again; I can breathe without difficulty; my throat is no longer inflamed. I followed all the directions, and can now say that Dr. Hartman's Peruna has cured me.

"I recommend it to all suffering with catarrh. I am seventy-one years old, have an appetite again and can work. I feel ten years younger."

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safe-guard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

Mrs. Peter Hoffman also writes:

"I was sick for many years; suffered with the liver, stomach and kidneys. I had seven doctors, but none could cure me, as they did not know what ailed me.

"Every one who saw me said that I could not live very long. I began to take Peruna and grew better every day. The severe pains in the stomach have disappeared. I am now well and have a good appetite. I am seventy years old and can do my work without getting tired.

"Peruna is the best medicine in the world for catarrh. Your good Peruna has saved my own and my husband's life."

Mr. Robert Metters, of Murdock, Bass Co., Neb., Box 45, writes:

"I had catarrh from my head all through my system. I took Peruna until I was entirely cured. I am eighty-three and a half years old, and feel as young as I did ten years ago.

"I visited recently among some old friends, who said I looked as young as I did twenty years ago."

Address The Peruna Medicine Co., Columbus, O., for a free catarrh book.

MRS. IDA McDONALD, Supreme Deputy of the Maccabees of the World.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the shallow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement."

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Thedford's Black-Draught.

Arguments in favor of a municipal
code bill for Ohio cities and towns
seem to multiply. It is strongly as-
serted that many cities are governed
by laws which are quite as unconsti-
tutional as that which the supreme
court has declared void in the case of
Cleveland. Had the legislature com-
plied with the wishes of a great num-
ber of the people, as expressed by
petitions, the present confusion might
have been averted.

President Roosevelt, on his present
tour, will do no public handshaking.
He is a strong man physically, but that
is no reason his strength should be
wasted in following out a senseless
custom. Many of his predecessors
have found their vacation trips ver-
itable ordeals because they felt it in-
cumbent to grasp the hands of thou-
sands. It is time that the practice
were abolished, and President Roose-
velt will lose no friends by stopping it.

The action of the East End police in
determining to stop the illegal use of
firearms is most commendable. A sim-
ilar course should be pursued all over
the city. Let those who want to in-
dulge in revolver or rifle practice take
to the woods. A populous city is no
place for such pastime.

Dewey talks as he shoots—straight
to the point. His testimony as to
what occurred at Manila should settle
forever a lot of lies told by Aguinaldo
and other Democrats.

"The legislators," remarks the To-
ledo Blade, "can now see the monkeys
the politicians made of them in
preventing the passage of the munici-
pal code bill."

A New York astrologer predicts that
disturbances are likely to take place
throughout the country on July 4. The
astrologer for once, at least, is un-
doubtedly right.

The Wabash has got hold of another
railroad, this one being in Maryland.
Wish it would acquire some of the un-
built ones in Columbiana county.

East Liverpool may not have a hal-
cyon and vociferous Fourth of July,
but the Turners will do their best to
make it an enjoyable one.

A Toledo man has been granted a
divorce from his wife on the ground

that she compelled him to move 28
times in 18 months. Not being a per-
petual motion crank, he finally rebelled,
and men who have been through a small
portion of his frightful experience will
sympathize, rather than condemn.

If the various Democratic factions
continue in their present mood, the
work of the 1904 Republican campaign
committee ought to be easy.

Since Dewey has been heard from
not even Edward Atkinson will have
the hardihood to refer to Aguinaldo as
the Filipino George Washington.

The Fourth of July comes next week.
The cannon cracker, the toy pistol and
the coroner are all looking for a sea-
son of activity.

Congress may adjourn before the
Fourth, giving some people additional
reason for celebrating enthusiastically.

Broken sidewalks appear to be just
as numerous as they were before the
city council ordered them inspected.

As a harmonizer Col. Bryan is just
as great a failure as he has been in
other lines of effort.

The antis probably wish that they
had never had Dewey summoned as a
witness.

OBITUARY

Mrs. M. S. Simms.

Mrs. Morgan S. Simms, formerly of
this city, died very suddenly in Pitts-

POTTERY NEWS

The present condition of the pottery
industry of the country prevented the
placing of an order for from 16 to 12
car loads of ware in this city during
the past fortnight. Each piece of ware
was to be decorated, and as the cost
of a car load of decorated ware is
variously estimated at from \$3,000 to
\$4,000, the fact that this order was not
placed while the buyer was in the
city, may mean a serious loss to some
of the manufacturers. The company
which had its representative here has
always placed its business with the
East Liverpool manufacturers.

The S. P. A. camping club, compos-
ed of a number of pottery workers of
this city, will leave next Thursday in
a special car for Coshocton. There
will be about 25 men in the party, in-
cluding the famous hunting dog,
"Rocks," owned by Jack Clark, a kiln-
man at Vodrey's. The club will re-
main in camp for several weeks. Mr.
Holtzman is president of the club and
Mr. Cartwright is secretary.

It is learned, and from a source
considered most reliable, that the West
End pottery will take but one day this
year, and that will be July 4. It is al-
so stated that this is but following the
policy of the company for the past
eight years, when no time at all was
lost. Several other plants in the city
may follow the same plan, though no
official announcement to that effect
has been made.

Packers' local No. 25 at a meeting
last evening elected the following offi-
cers for a term of one year: Presi-
dent Byron Foutts; vice president,
Louis Hayden; recording secretary,
Frederick Pennington; financial sec-
retary, John Brookes; treasurer, Wil-
liam Denning; statistician, William
Swindells; one per cent secretary,
John Atkins; inspector, Carl Brothers,
outside guard, Charles Knoblock; in-
side guard, Mack Poole; trustee, for 18
months, Wash Williams; trustee, for 6
months, Lysle Ashbaugh. The audit-
ing committee that was appointed at
the last session made a report that
was quite satisfactory, and at the next
session of this local the new officers
will be installed. The communication
relating to the recent joint conference
was acted upon at this meeting, which
did not adjourn until about 11 o'clock.

Kilnmen's local No. 9 held a session
last evening that was considered to
have been the most important held by
the local for several months, or for
that matter for a year. It was at this
session that the report of the joint con-
ference was read to the local, and the
discussion in this matter occupied
most of the evening. The press com-
mittee of the local would not talk of
this part of the proceedings. Several
new members were admitted to the
local and other routine business was
talked over.

Local No. 44, of Sebring, elected the
following officers at their meeting
Tuesday evening: President, Harry
McMasters; vice president, James Cur-
ren; recording secretary, Charles Pink-
erton; financial secretary, C. J. Blum-
entel; clerk, Virgil B. Slater; guard,
Kate Sullivan; inspector, Homer Wol-
lam; trustees, Harry Green, W. S.
Crewson.

Kilndrawers' local No. 17 will meet
in regular session this evening. The
meeting will be the most important
held by that organization in months.
Besides the election of officers the
communication relating to the recent
conference will be discussed.

Albert Stanley, employed about the
decorating kilns at the Wallace &
Chetwynd pottery is suffering with a

very sore hand. He had a felon on
one of his fingers for several weeks,
and the finger is in such condition at
present that it is feared a portion of
it will have to be amputated.

W. J. and H. B. Harvey, promoters
of many potteries and other industries
at Derry Station, Pa., were in the city
yesterday. It is said that but one pot-
tery is to be built at this town, and
with other industries, is for the pur-
pose of booming a land sale.

B. H. HODGSON

HE WANTED TO GO HOME.

Georgia Boy's Unique Excuse For
Getting Out of His Work.

One Saturday in July, says J. H.
Hale in the World's Work, I came
upon a boy of fifteen or sixteen crying
as though his heart would break. In
reply to my inquiry I was told, "Mother
is dead, and I want to go home." Of
course, I said to him, "Well, go and
see the superintendent, and he will give
you an order on the office." The boy
moaned, "I dun see him, and he won't
let me off till bell time."

This seemed hard when one boy's
work would count for so little among
several hundred, so I took him in the
buggy and hurried back to the office,
giving an order that he be paid off
and let go at once; but I was politely
told that "the superintendent's orders
are that no one is to be paid till night."

After I had insisted in rather strong
language that I might possibly be a
bigger man than even the superintend-
ent the lady assistant began a series
of sharp questions, finally bringing out
the date of "mother's" death as "de
20th of last Feb'y!" I sneaked off,
realizing that there were some phases
of the peach business I had better not
meddle with.

WELLSVILLE

CHARGED WITH STEALING

Wellsville Lad, Formerly in Fairmount Home, in Youngstown Jail.

Supt. Southworth, of Fairmount Home, was in Youngstown on Thursday to see Raymond Clyde, a former inmate of the Home, now confined in Mahoning county jail on a charge of horse stealing. Clyde was taken into the Home about three years ago from Wellsville, where he was known as a bad boy. He remained in the Home for about eighteen months and a great reformation was apparent, and the boy changed from an incorrigible to a very tractable young fellow.

About eighteen months ago a home was found, near Canfield, for the boy, then about 13, in the home of Isalah Goodwin was well pleased with the accession to his family. The boy, however, manifested a desire to appropriate property which did not belong to him and was detected in stealing eggs and marketing them. Later he stole a horse, drove recklessly, collided with another rig and landed in Youngstown jail. The boy will probably be placed in Mr. Southworth's care again.

STRUCK A BUGGY

A Street Car Wrecks a Rig and Gives Occupants a Narrow Escape.

A street car smashed into James Moore's buggy on Eighteenth street, and broke the rig beyond repair, yesterday. Mr. Moore had not seen the car, which was approaching from the rear. He was thrown violently to the pavement and considerably bruised. The horse was uninjured.

The occupant of the buggy had a very narrow escape. He will ask damages.

POISON IN MILK

The Supposed Cause of a Wellsville Family's Sudden Illness.

The entire family of J. B. Hayes, who live at Fourteenth and Main streets, consisting of Mr. Hayes and wife, a grown up son, and daughters and younger children, became very sick immediately after eating dinner yesterday. All recovered within a few hours.

It is thought they were victims of ptomaine or milk poisoning.

Candidates Are Many.

There is already a large list of candidates for the appointment of meat and milk inspector. The board of health will attach a fat salary to the job. Friends of the following gentlemen have out petitions or are urging the claims of their respective favorites: Charles McGregor, Sr., J. N. Turner, Dr. F. K. Hutcheson, Colonel James Noan, J. G. Kountz, Dallas Pittinger, Joseph Gamble, George Niles, J. M. Wortman, Rev. J. A. Armstrong, Judge Haney, Jeff Patterson, J. T. Warren, Dr. Al Fraser and Anthony Rash.

Two Insane Patients.

Two men were taken from this city by Sheriff Leonard to Lisbon last evening to be tried for insanity. Zimri Whitacre has been in the city jail a week, the local police thinking him intoxicated. He was once a wealthy horse buyer, but used liquor to excess. Job Wilkinson, a man of family living in the West End, has been out of the hospital for the insane only a few months, and will have to be returned.

Bones Badly Shattered.

J. S. McGrail, of the C. & P. wrecking crew, is indisposed with a fractured elbow, at his home on Fourteenth street. His arm was struck by the whirling of a crank to the heavy crane while the crew was putting a

car on the tracks in the lower yards yesterday. The bones are badly shattered and amputation may be necessary.

Masons' Narrow Escape.

A close call for three stone masons occurred at the sheet steel mill last evening. They were laying the foundation for a large melting pot beneath the ground. A piece of terra cotta weighing over 100 pounds dropped 15 feet and narrowly missed striking E. M. Moncrief, Charles Custer and Geo. Marshall.

Railroad Man's Funeral.

FIRST STREET GRADE

An Important Matter Which Will Be Brought Before Council.

Another important matter that will require the attention of council at its next session is the changing of the grade from First street to Second street on Carolina avenue. In some places the grade is so lowered that it leaves a cut on either side of two and one half feet. The property owners are indignant and will perhaps change the grade about foot and a half.

A further petition by citizens will also be presented for paving in addition to the paving of Carolina avenue, already petitioned for, extending from Fourth street to Rock Springs park, instead of from Third street, as was originally intended.

OVER THE BANK

Caboose and Box Car Left the Track and the Car Was Wrecked.

The New Cumberland branch local freight ran a caboose and box car off the track and over the bank yesterday at the switch intersection near the Chester Manufacturing company's works. The freight car was badly

mashed, but the caboose sustained no damage. The caboose jumped the track first, causing the accident.

The services of the wreck train were required yesterday at noon to clear away the wreck, and the excursion trains were delayed somewhat by the accident. No one was injured.

POISON VICTIMS BETTER

There Was Arsenic in the Coffee That the Cunninghams Drank.

Mr. and Mrs. A. P. Cunningham, who were poisoned, are both better today although Mr. Cunningham is still confined to his bed. Druggist C. T. McCutcheon made a test of the coffee today and found the presence of arsenic in it. He will make two further tests later.

Beaver County Oil Field.

Oil developments have been enlivened again in the lower end of Beaver county by Smith, Freshwater and others drilling wells in the Harrison pool. Two new wells are due today. Gailey & Bros. have started a new well in the vicinity of an old field in the section opposite Industry. Lots of leases, in what has been developed as a new pool were made Thursday, and a great deal of activity will result from these new ventures.

Wages Attached.

Squire Johnston's court heard a number of attachment cases today on board bill accounts, garnisheeing wages in the hands of the mill company, against the following parties: John Kinney, Joseph Timmons, L. A. Malone and C. M. Smett. Mrs. R. M. Russell also attached the wages of Charles Potts for \$10.50, due on a board bill.

New Oil Wells.

Test oil wells were begun this week on the farms of James McKinsey and R. F. Guy, who live near Harshaville, in the interior. Two will be drilled on each farm, and they are far away from any present operations. A Pittsburg company has the drilling contract.

Interesting Cases.

The common pleas court of Hancock county will convene Monday, and quite a number of cases are on the docket. There will be about 40 or 50 witnesses for the defense in the "rikk" cases and an equal number for the prosecution.

FINANCES IN FINE SHAPE.

Trade Well Maintained, Except Distribution of Midsummer Specialties—Manufacturing Active.

New York, June 28.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Foreign markets were badly deranged by the sudden illness of the king, and there was much liquidation prior to the closing of British exchanges from Wednesday afternoon to Monday morning. Domestic financial conditions are exceptionally satisfactory and trade is well maintained although low temperature interfered with the distribution of midsummer specialties. Manufacturing operations have increased in activity, especially in the iron and steel industry and textile production, while the constructive work on new buildings and bridges is very heavy. Labor difficulties have not improved in the anthracite coal region, but numerous settlements have been effected elsewhere. Railway earnings thus far reached for June exhibit an average increase of 4.6 per cent over last year and 17.7 per cent over 1900.

Furnaces Resumed With Coke. Most of the blast furnaces that were stopped by the scarcity of anthracite coal have resumed with coke, of which the ovens have established new records of output, and shipments have been still larger, owing to the stocks accumulated during the car shortage.

Despite the vigorous pig iron production, numerous contracts have been placed abroad, and still the machine shops, manufacturers of stoves and implements and consumers generally are seeking deliveries. Struc-

tural shapes of steel and all forms of railway equipment continue to lead the market, orders in these lines running far into next year. Bars and sheets are the least active divisions of the market, but even in these there is no tendency of weakness. Higher freights have not materially checked importations, and it is reported that a large structural mill in Germany has sold its output for this year to American consumers. Another evidence of domestic needs is the placing of a Mexican rail contract with British producers, which would ordinarily have been taken in this country.

Woolen goods have been taken more freely, especially the better qualities, and clothing manufacturers are preparing for a large fall trade. Raw wool is in better request at eastern markets, but the new clip is held at a premium that limits trade.

Agricultural Prospects Good.

Agricultural prospects are far above the average, and rapid progress is made with winter wheat harvesting. Delays have been encountered from heavy rain, while injury has occurred in the southwest from drouth, but these adverse influences are less extensive than usual. Wide differences between cash prices and next crop options indicate the views of traders. The week brought little operation in spot operations, light supplies holding all cereals fairly steady.

Failures for the week numbered 200 in the United States, against 204 last year, and 20 in Canada, against 23 a year ago.

ANOTHER VICTORY FOR PARKERSBURG

Leds From Down the River Did East Liverpool Up in a Great Game.

FINAL SCORE WAS 16 TO 6

The Contest Was Much Better Played and More Interesting Than the Preceding One—Locals Made Four Runs in the Seventh Inning.

Parkersburg came out victorious once more and it certainly had easy picking. Only one inning was required to do the work. It was not the lucky seventh either.

The visitors say that the sixth is when they make them all. Their statement can hardly be doubted; that is, if they are in the habit of doing the same trick every day in the week that they turned in the sixth in this memorable game. Seven, four bases on balls and five hits almost filled the frame. Winters couldn't help it. He did the best he could and that is all that Manager Walsh asks. Adams in this inning was the first man up. He walked. O'Neil did likewise.

Winters went straight up in the air. The plate looked to him every time as if some one had moved it at least three feet. Leonard, the next man up topped it off with a pretty two-base hit. Doc Howard was then noticed holding Winters to keep him close to terra firma. He wanted to go and hunt some ill-fated balloonist.

Klinworth rubbed it in when he took a walk and Sapp surely sapped the lifeblood when he followed suit. DeVare was not satisfied to let the good work cease and pounded out a single. "Grandpa" Murphy took a little pity, being well up in years, and understanding what the possible results of an awful drubbing are, and struck out. That nerved Winters a little, but he was shattered worse than ever when Johnston applied his bat so hard that the ball did not find a resting place until it reached the dressing room near the street car track. And Adams, he was not satisfied. He took advantage of a nice one and landed it over second, but he finally did show signs of weakening and let Emmerling put him out on O'Neil's hit to John Hackathorn.

Thus ended the greatest inning for slugging and walks witnessed on local diamonds for years. As a rule a team thinks it has done pretty well when it totals in an entire game a like number of hits, runs, etc. The West Virginians do not. They have been in the habit of committing such crimes.

The "hoop polers," however, must not be credited with doing all of the playing in one inning. East Liverpool also made a creditable sport and that in less than two innings. As usual it was in the seventh. Fred Hackathorn started it with a clean hit and stole second. He rested there, however, for a few minutes, for Webb stood up and whaled away at three imaginary balls and was retired. DeVare at this point became so elated that he threw the next four balls wide of the plate and allowed Emmerling a walk. Winters won where Adams lost, getting first on the latter's error. Daniel's got fielder's choice and when Harker placed a hit he scored making a total of four in the single round. In the eighth and ninth they went out by the one, two, three method and consequently the game went to the visitors for the second time.

Daniels, a member of the old Eclipse team, played a nice game in middle field. He hasn't forgotten the game

A HARD STRUGGLE

Many an East Liverpool Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is one of struggle. No need to keep it up. Doan's Kidney Pills will cure you. East Liverpool people endorse this claim.

Mr. Henry Devington, who resides at the corner of Avondale and Bradshaw avenue, says: "During three years I had attacks of dull, steady aching in the back. When stooping or sitting for some time it would change to a quick pang as I arose to an upright position. My back tired out easily when walking or standing long, and I often had headaches, dizziness, and in the mornings great depression. I took medicines, many of them, but found Doan's Kidney Pills, sold at the W. & W. pharmacy, to be more suitable for my complaint than anything I had ever tried."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, States. Remember the name—Doan's—and take no other. Sold by W. & W. pharmacy.

Heat Exhaustion.

Thousands of people, every summer, get into a condition so unhealthy that any over-exertion on a hot day brings on faintness, and, in some cases, absolute collapse. BLOOD WINE immediately relieves such a condition, tones up the whole system, and, by aiding the digestion, builds up a strength capable of resisting heat. For sale by Will Reed, Hodson's Drugstore.

and reminded oldtimers of many an exciting contest.

Maag, of Canton, was an improvement on Boyle, but he had very few chances and fell down on one of them. Davis and John Hackathorn gave eminent satisfaction, each putting up a flawless game. The score:

FORCED CIVIL GOVERNMENT.

Witness So Indicated as to Gardener's Policy—Under Impression That Newberry Murdered Natives.

Manila, June 28.—Captain Matthew F. Steele, Sixth cavalry, testified yesterday in the investigation of the Gardener charges. His testimony was in part:

He left Tayabas province in 1901. He said that, acting under Major Gardener's orders and after protesting, he placed the principal residents of Lucban under guard during the vote for local president, and that they complained bitterly of the action taken. Witness left them, and when he returned he found they had voted for a criminal who was in jail. He told them they must elect another man. Witness firmly believed they voted for the men they most hated. The man elected president protested and pleaded to be relieved, but he was compelled, under threat of being put in the guard house, to accept the office.

Captain Steele said that among his brother officers Major Newberry, formerly of the Thirtieth regiment of volunteers, who testified before the board on Wednesday, was reputed to have used a perfectly unscrupulous method of obtaining information from natives. Once the witness asked him if he had killed five natives with his own hand and got the understanding that he had killed several men with his Mauser pistol. Witness did not ask the reason for this and was not prepared to say that Newberry had actually killed them, but that was witness' impression.

AMNESTY TO NATIVES

Cabinet Decides on Terms of a Proclamation to the Filipinos.

TO BE ISSUED ON 4TH OF JULY

if Philippine Government Bill is a Law That Day, and if Acting Governor Wright Approves—Aguinaldo to Be Included.

Washington, June 28.—At the meeting of the cabinet yesterday the terms of an amnesty proclamation to the Filipinos, which it is contemplated to issue on the Fourth of July, were agreed upon. The war department for some time past has had under consideration the draft of a proclamation and has found it necessary to make a number of changes in its text. In its modified state it was agreed to by the cabinet yesterday and Secretary Root will cable it to Acting Governor Wright for his inspection. If it meets the latter's approval nothing will remain but for the president, if the Philippine civil government bill is a law on that day, as is now expected it will be, to issue on Independence day a formal proclamation setting forth terms of amnesty for any political offenders in the islands, including Aguinaldo and those held at Guam.

To Restore Peace in Islands.

The proclamation is based on the general objects of the Philippine government bill, namely, to restore peace in the archipelago and substitute a civil for a military administration. That bill is now in conference and the proclamation will not be issued until the Philippine government measure has been agreed upon by both houses and the president has affixed his signature to it. The proclamation will declare that a state of peace now exists in the Philippine islands, save in the parts of the archipelago where the Mindanao or Pagan tribes are giving the United States a great amount of trouble, and will declare in effect that with the transfer of the government of the archipelago from a military to a civil status, all those arrested and held for political offenses shall be restored to liberty, granted full amnesty, and allowed to participate in the civil government that is to be inaugurated on the islands. While the proclamation is subject to changes in text, the general language of the document is pretty well mapped out. There was a general discussion yesterday of the treatment that should be accorded the political prisoners on the islands.

Affects Only Political Prisoners.

There is no intention, it is stated, to release those prisoners convicted of other than political offenses, the benefits of the amnesty being limited to those in custody as a result of breaches of military law, leaving criminal offenders to the action of the proper authorities under its coming civil government. When the islands are turned over to the civil authorities they will not be left without adequate military protection, as no more troops will be ordered home for the present, and every precaution will be taken for the military safeguarding of the islands under the new civil administration.

Hopeful of Taft's Efforts.

Another subject under consideration at the cabinet meeting yesterday was the negotiations for the purchase of the friars' lands in the Philippines. Secretary Root took with him to the meeting all the correspondence which has passed between himself and Governor Taft while the latter has been carrying on his negotiations at Rome. It is understood that Secretary Root feels great confidence in a successful outcome of Governor Taft's efforts.

The cabinet meeting was held in the president's temporary quarters on Lafayette Square and was the first time in 88 years that a regular session of the cabinet was held outside the White House.

Canton, O., May 22, 1902.

The Life Plant Co., Canton, Ohio.

Gentlemen:—Three years ago I was very sick; had no ambition whatever and was run down until I was miserable. I heard of Life Plant and decided to try it. Took two bottles of the medicine and it cured me. I had so much faith in it then that I advised many of my friends to try it. They did so with excellent results in every case. I could name many who have been cured of different troubles by Life Plant. One in particular was cured entirely of calarrh and many others were cured of different diseases. I consider it the best medicine for all blood diseases, General Debility, Asthma, Stomach Trouble, etc., that is made, and advise all who are suffering from such troubles to take Life Plant. I am never without Life Plant and take it at intervals as a tonic. Life Plant is the best medicine I have ever taken.

Yours respectfully,

ASSEMBLY CONFRONTED BY A HERCULEAN TASK

Gov. Nash Will Soon Issue Call For Extra Session of Legislature.

THE SUPREME COURT'S SWEEPING DECISION

Invalidate Acts of Special Legislation in Practically All Ohio Cities and Towns.

A COMMISSION TO BE APPOINTED TO DRAFT A CODE

From a Staff Correspondent.

Columbus, June 28.—Governor Nash met with the state officials yesterday to discuss the matter of an extra session of the legislature. The sweeping decisions of the supreme court have destroyed the whole fabric of city governments of the state and there is nothing left for the legislature to do but to reconvene and devise a system, uniform in application, for all municipalities. The decision also affects all special legislation, making it invalid.

The far-reaching effect of the decisions is beginning to dawn with full force upon the people and is filling them with consternation. There is hardly a city, village or hamlet in the state which has some form of special legislation which is invalidated.

The legislature has a herculean task before it. It must, perforce, practically reconstruct the entire system of government for Ohio cities. It is stated that Governor Nash meditates appointing a commission to be composed of leading members of the bar to draft a general code and submit it to the legislature.

Governor Nash is very much perturbed. He is deliberating on the situation and expects to announce in a week or so when he will issue a call for the assembling of the legislative solons. He will submit a message at the opening of the session recommending action which, in his judgment, he thinks the legislature should take.

There have been five extraordinary sessions of the legislature since Ohio was admitted to statehood. The last was convened by Governor Campbell, October 14, 1899, for the purpose of passing an act reorganizing the government of Cincinnati. The legislature

had its work for nothing, for the supreme court declared the act unconstitutional.

The reconvening of the legislature will create a big expense. While the members will receive no extra compensation, the vast army of attaches will, and the longer the session lasts the greater the size of the bill, as the latter are paid by the day, Sundays and holidays included.

The court's action with reference to the illegality of special legislation is based on article 13 of the constitution which prohibits the conferring of corporate powers by special legislation. The court holds the Cleveland charter law, which is knocked out, is in contravention of this provision of the constitution. The present charter of Columbus is to be assailed in the courts and there is not the slightest doubt it will be declared unconstitutional. Meanwhile the city may have two rival governments, it being stated that council will resume its prerogatives under the original law which gives it direct jurisdiction over certain city departments now under control of the mayor.

In discussing the decision in the Cleveland case Attorney General Sheets said that while it did not strike immediately at any other city, they not being nominally parties in the suit, he had no doubt but that their governments would be set aside by the court were test suits brought.

The supreme court adjourned yesterday for the summer vacation, reconvening in September. One of its last acts was the declaring constitutional of the Lowthorpe omnibus bond bill. Under this act bonds may be issued by any municipality for almost any local purpose.

Wednesday before Christmas. The shop collectors have not been appointed by President Yates, but this is expected to be done next week. There are five appointments to be made.

The Summer Shut Down.

Next Thursday the employees of all the potteries under the control of the East Liverpool Pottery company, will receive 16 days' pay. Their regular pay day was to have been today, but the company thought it wise to pay the men up to the shut down, and the men thought this a good plan also. Many other potteries in the city will follow the same plan, a system that has been followed by the East Liverpool manufacturers for years.

Has a Coronation Medal.

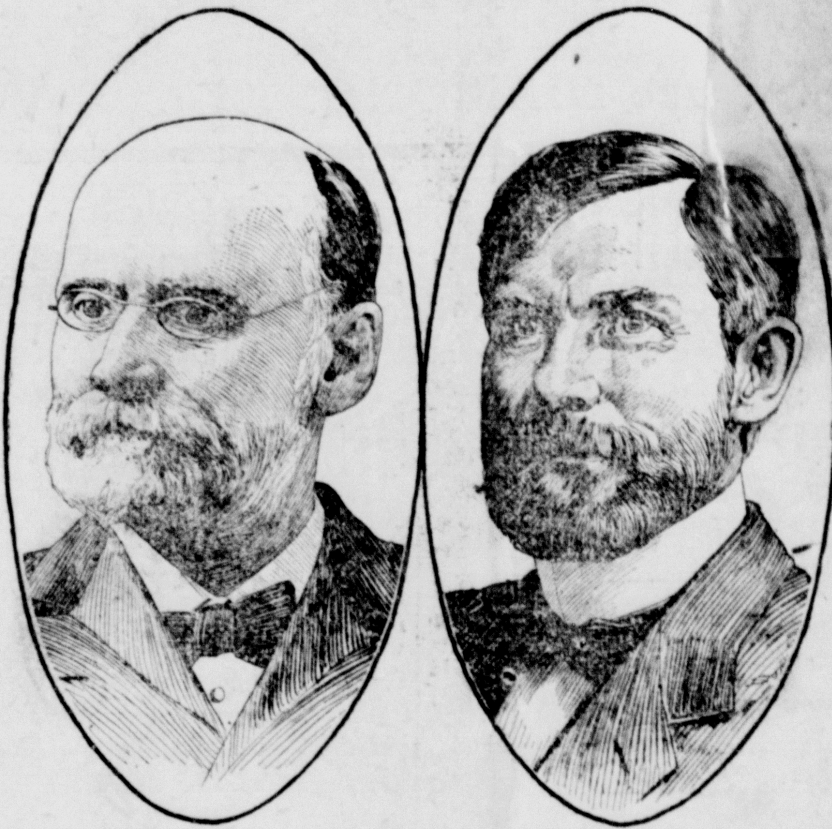

Columbus, June 28.—(Special)—Thomas Filmer, of Cleveland, who sells oil to the East Liverpool potteries, also a prominent member of the Sons of St. George, exhibited a coronation badge in Columbus which he brought with him from England. It is of gold, a little larger than the American silver dollar, bearing on one side the heads of the new king and queen and on the reverse the dates of birth and coronation.

New Trial Granted.

Lisbon, June 28.—(Special)—In the case of D. T. Lawson, of Wellsville, versus Thomas Lawson, the judgment for the defendant, rendered some time ago, has been set aside, on the ground that the verdict was against the weight of the evidence. A new trial was granted. D. T. Lawson was trying to collect \$25 for one month's rent for Lawson Bros.' store room in Wellsville.

Two More Prisoners.

Lisbon, June 28.—(Special)—Sheriff Leonard brought Joseph Wilkinson and Zimri Whitacre, both of Wellsville, to the county jail yesterday. It is claimed that these men are insane and they will have a hearing before Judge Boone at an early date.

W. M. HARRIS. W. M. BEARDSHEAR.

A DATE IS FIXED

For County Primary—None Will Be Held If But One Candidate.

Lisbon, June 28.—(Special)—The Republican county executive committee met here, every member present, at 1:30 this afternoon. A resolution was adopted calling for a primary to be held on Saturday, June 12, between the hours of 12:30 and 6:30 p. m., to select a candidate for congress. The places for voting are to be designated by the county committee in the fall.

All persons desiring to be candidates shall be required to notify the chairman of the executive committee on or before noon July 5, and pay to the treasurer of the committee an assessment of \$200 to cover the necessary

expenses. On failure to pay the name of the candidate shall not go on the ticket.

The Australian ballot system is to be used in the election, and the candidate receiving the highest number of votes shall be allowed to name the delegates from his ward or township.

In case there is but one candidate the primary shall be dispensed with, and the candidate entitled to name the delegation as provided. The resolution was presented by W. L. Smith, seconded by Hon. I. B. Cameron, and was passed unanimously. It is thought there will be but one candidate.

POTTERY WORKERS HAD A BAD FRIGHT

Two Were Slightly Injured And Another So Scared That She Fainted.

A BANISTER CAVE WAY

And Those Sitting on the Railing Were Precipitated to the Ground on Top of a Pile of Broken Ware. Narrow Escape.

A serious accident was narrowly averted at the Diamond pottery of the East Liverpool Pottery company yesterday afternoon. It resulted, however, in more excitement than injury. Three employees of the plant were sitting on the banister railing at the top of the landing leading to the office of the plant when it gave way, causing two persons, Parker Harley and Miss Ella Knowles, of the warehouse department to fall to the ground, a distance of about eight feet on top of a small pile of broken bisque ware. Miss Alice Earley, who was also on the railing when it broke, caught another part of the frame work, and by so doing prevented a fall.

Miss Knowles received a deep gash over the right eye, and was also otherwise injured about the head.

Mr. Harley was injured about the arms and legs but not seriously. He was able to resume his work this morning.

Miss Earley, who is the forewoman of the warehouse girls, fainted shortly after the accident, caused by fright, and was compelled to be removed to her home.

During the afternoon Miss Sallie Greenwood, a steamer at this plant was overcome by a fit in the biscuit warehouse, in which state she remained for almost two hours. She also was removed to her home.

FIGURES TELL OF PROSPERITY

Equalization Board Reckons Up East Liverpool's Taxable Valuation.

LARGE SUMS ARE NOW ADDED

To the Assessors' Returns on Personal Property and New Buildings.

RAPID STRIDES OF THE CITY

The board of equalization left this morning for Lisbon to submit their report to Auditor J. F. Adams, having completed it yesterday after several weeks of arduous work.

On personal property in the city the board made an increase over the assessors' figures of \$10,070.

By wards the increase made was as follows: First ward, \$2,860; Second ward, \$4,530; Third ward, \$1,530; Fourth ward, \$270; Fifth ward, \$880.

The assessors' figures on new property—that is, property that has been improved and finished since June, 1901—the board found were just \$96,530 too short.

The assessors valued the 84 new structures in the First ward at \$60,375, and the board found an increase of \$34,125.

The 32 new structures in the Second ward were valued at \$33,600. The board raised it \$15,920.

In the Third ward the assessor made the valuation on 14 new houses \$9,855, which fell short of the board's valuation \$21,000.

In placing the valuation on the 49 new structures in the Fourth ward the assessor only fell short \$2,910.

The Fifth ward shows by far the greatest amount of improvement. The number of new structures in this ward came within 43 of the total number in the remaining wards. The assessors' valuation was \$96,000, while that of the board amounted to \$137,475.

From the above figures alone it can be seen that the city is making great and rapid strides toward modern improvement. It is predicted that building will increase during the coming year, and that the valuation of new to the city of a committee composed of a half million of dollars.

THE RUTTERS ARE FREE

Grand Jury Found Insufficient Evidence to Hold the Salem Couple.

Lisbon, June 28.—(Special)—Al and Mrs. Alice Rutter, of Salem, who have been in the county jail for about a month, the former on a charge of fornication and the latter accused of infanticide, are now free. The proof before the grand jury did not sustain the charges.

It was proved that Mrs. Rutter gave birth to a child, but it was not proved that the child found was hers. Mrs. Rutter's daughter, who had received letters from her mother, written in jail, was supposed to know the whole story, but would give nothing away, although closely questioned and accused of lying.

The steamer Greenwood came down last night with a good trip and took on about 100 passengers for points below to spend the Fourth with relatives and friends. The Lorena passed down today with a good trip. The Kana-wha and Ben Hur are the packets due up tomorrow. The river rose 6 inches during the past 24 hours. A new pool steamer, a trim craft, the Cadet, came down from Pittsburgh this morning with two loaded coal flats for East Liverpool.

EAST END

DECLARED A NUISANCE

The Illegal Use of Firearms in the East End Must Cease.

Officer Jay Fisher, of the East End, has sent forth the word that the first person caught in the act of discharging firearms in the Fifth ward will be arrested, and given the pleasant duty of increasing the city treasury. The uncalled for use of firearms in this part of the city has become a nuisance and numerous complaints have been made to the East End authorities along this line. Action is now to be taken, and all violators of the city ordinance will be harshly dealt with.

This morning hardware dealers in the East End were reported doing a good business in the sale of cartridges, sales mostly being made for the smaller cartridges. Several boys were shooting flobert rifles along the railroad track just west of Mulberry street, but this fact was not known to the authorities at the time.

James Welsh is an expressman, and makes frequent trips between the city and the East End. A few days ago he was hauling a fine piano to the East End, along Pennsylvania avenue, and during the trip a report of a firearm was heard, and shortly afterwards it was discovered that a bullet had struck the front of the piano in his wagon, and a mark of this sort is anything but beautiful to such an instrument. It was stated that the bullet was a 22 long cartridge. Although an investigation was begun to ascertain who fired the shot was commenced the search was unsuccessful.

Show Boat Nearly Built.

After many weeks of hard work the show barge that is being built on the Ohio side at the foot of Babb's Island will soon be completed. A few weeks ago it was stated that a show boat would soon start down the river, but at that time it was thought the craft would be built at Pittsburgh. The sides are now being placed on the barge, and the stage has about been completed. If possible the first performance will be given at the wharf in this city about next Friday.

Street Railway Men's Meeting.

The regular monthly meeting of Division No. 52, street railway employees, will be held this evening in Protected Home Circle hall on First avenue. There is not very much business except of a routine nature to be considered, other than the initiation of several new members. A few applications for membership are also to be presented.

Not Much Stock on Hand.

The work of taking stock at the East End plant of the American Sewer Pipe works is now in progress, but it will not be completed for several days. There are two men at this work, and as some very large shipments are being made from this plant, it will be found that not an extensive stock is on hand.

Another Gypsy Camp.

A camp containing three families of gypsies is now located at Dry Run. Two gypsy women were in town last night and attracted a great deal of attention by their peculiar dress. One of them had a chain of foreign coins strung about her neck, besides other medals.

East End Couple to Wed.

At the home of friends at Lisbon tomorrow evening it is stated that the marriage of Miss Emma Carson and Mr. William Dexter will take place. The young couple are from the East End, and will go to housekeeping on High street.

EAST END AFFAIRS.

The funeral of Charles Ross was held this morning from his late home in Calhoun's addition. The services were largely attended.

Mr. and Mrs. Archie Putnam have announced their intention of removing to Akron. They have resided in the East End for several years.

DOWN THE OHIO

Probable Route of a Railroad Which Pittsburgh Capitalists Are Projecting.

It is thought that the recently organized Pittsburgh Terminal Railroad and Coal company is merely the beginning of the construction of another railroad that will give the immense tonnage of the Pittsburgh district an outlet to the west and southwest.

While their names have not yet been connected with the company those who are said to be furnishing the capital and who are believed to have planned the entire affair are Henry C. Frick, Charles Donnelly and Frank F. Nicola.

The Pittsburgh Terminal and Coal company already has a Pittsburgh terminal, which was formerly known as the Pittsburgh and Little Sawmill Run railroad, and its terminal is on West Carson street.

During the past month or more the residents of points down the Ohio river, have been more or less puzzled by surveying corps that have been driving their stakes along this route. At least three corps have gone over the route, and it is now stated that these surveyors are in the employ of the Pittsburgh Terminal Railroad and Coal company, and that the surveys are being made for a proposed extension of the railroad down the Ohio river.

The purpose of the company is said to be that of extending the railroad, branching out from the present line south of Sheridan, cutting across that borough, Esplan, McKees Rocks and Neville Island, and then paralleling down the Ohio. The road, it is said, will follow the river as far as Steubenville, and from there cut across Ohio to take in the more important towns. The new line, it is said, is to be carried west 200 miles, there to connect with independent lines running further west and to the southwest.

SHE USED A CLUB

Man and Wife Fought on Street and Attracted a Crowd.

"Knocky" Smith, who resides on Sixth street, and his better half, who is quite a large woman, had a fight on Sixth street last night, and Mrs. Smith took a club and belabored her husband over the head, blacking his eye and bruising his face, the blood running profusely from his wounds. Then "Knocky" attempted to take her home and leading her by the arm, started down Sixth street.

Arriving at the Diamond Mrs. Smith calmly slid from under her shawl and began a lively sprint down the thoroughfare, leaving "Knocky" to explain matters to the throng that was attracted to the scene.

INTO PROFOUND NEGLECT.

The Stock Market Fell on Friday. Some of the Features.

New York, June 28.—Yesterday's stock market fell into profound neglect. Except for the dealings in one or two stocks, which were selected by the supporters of the market for their sustaining effect, there was almost nothing doing. St. Paul was again the leader and there was a spurt in Illinois Central during the day, which had no news to explain it. Missouri Pacific continued in good demand, but its rise did not extend to a point at any time. The industrials were weak in spots, but were even more neglected than railroads. The passing of the dividend on Colorado Fuel caused a drop of 4 points in that stock on active selling.

The stock fluctuated feverishly all day and closed at a net loss of only 1 1/2. The passing of the dividend on ice preferred was reflected in the movement of these stocks, the preferred declining an extreme 3 3/4 and closing at a recovery of 1 3/4. Amalgamated Copper was under pressure again, but met support at about 63, as on the previous decline. The market eased off in the late dealings and closed heavily below the best in all cases.

GOOD NEWS OF KING.

Physicians Last Night Reported His Condition As Satisfactory.

HE MADE SUBSTANTIAL GAIN

And Had a Comfortable Day, Yesterday—Opinions of Prominent Physicians Were That Recovery Was Probable—Rough Element Rioted.

London, June 28.—King Edward's improvement was maintained at 1 o'clock this morning.

London, June 28.—"It's the best yet," was the popular comment with which the bulletin posted at Buckingham palace at 11 o'clock last night was greeted. A small crowd waited before the palace until the bulletin was brought out, and when the good news became known there were cries of "Hear! Hear!" and cheers. Lord Churchill, the acting lord chamberlain, drove up to the palace just as the bulletin was issued, and he expressed his keen pleasure at the doctor's report of the king's condition. After learning the contents of the bulletin the crowd at the palace quickly dispersed and the rejoicing, which was already apparent in the crowded streets, increased in keeping with the terms of the latest report.

A Pleading Bulletin Last Night. The 11 o'clock bulletin was as follows:

"His majesty's condition is in all respects satisfactory. The king has had a comfortable day and has made substantial improvement."
(Signed)
"Treves,"
"Laking,"
"Barlow."

The Prince and Princess of Wales dined at Buckingham palace last night in company with several foreign royal personages. All the diners returned early to their homes.

The unanimity among prominent physicians in expressing their opinions as to the case of the king was quite remarkable. All the professional opinions gathered were distinctly favorable and hopeful; the doctors regarded the danger of peritonitis as almost past and believed his majesty's recovery to be entirely probable.

Liverpool was illuminated last night in recognition of the good news.

Riots Among Rough Element.

The provincial hoboos in several minor towns who were deprived of their expected feasts and the opportunity to "maffick," indulged in angry demonstrations against the local authorities who had postponed public dinners and festivities yesterday. Smashing windows was the favorite form of protest. In some cases the "hooligans" lit the bonfires which had been prepared for the celebration of the coronation.

The most serious disturbances occurred at Watford, 15 miles from London. Early yesterday morning a mob overpowered the police, wrecked several shops and set fire to a store owned by the chairman of the town council. A number of special constables were sworn in and the disturbance was quelled.

A Total Eclipse.

Any man can produce a total eclipse of the sun, so far as he himself is concerned, by holding a dollar close to his eye. The total eclipse of health is often produced in much the same way, by letting the dollar shut out from view all other things and interests.

A great many people pay for wealth with health and admit at last that they have made a poor bargain. In the chase of the dollar people are too eager to take time to eat regularly or choose proper food, the stomach becomes disordered or diseased, the food eaten ceases to nourish, and physical breakdown comes.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition and so enables the strengthening of the body, in the only way by which strength can be obtained, by food properly digested and perfectly assimilated.

"I suffered for four years with pain in my stomach so that at times I couldn't work nor eat," writes Mr. Frank Smith, of Granite, Chaffee Co., Colo. "I wrote to you about my sickness and was told to use your medicine, which I did with good results. I only used four bottles of Golden Medical Discovery, and must say that I am entirely cured, and feel like a new man, and I can highly recommend your medicine to any sufferer."

TELLER HITS RECIPROCITY MEN.

Beet Sugar Advocates Will Never Consent to Reduction, Unless Whole Tariff Is Revised.

Washington, June 28.—Quite unexpectedly a sharp debate arose in the senate yesterday on the question of Cuban reciprocity. Mr. Teller, of Colorado, at whose instance the senate committee on Cuban relations made its investigation of the subject, delivered a spirited speech in opposition to reciprocity with Cuba. He charged that the entire reciprocity propaganda had been backed by the American sugar refining company and by Americans who were interested financially in Cuban sugar plantations. The purpose, he said, was to strike down an important agricultural industry of this country. He was willing to join in a general revision of the tariff to meet changed conditions, but unless the duties on iron and steel and other products were reduced, together with those on sugar, in order that the arrangement might be equitable, the beet sugar growers never would consent to a reduction on their product.

Platt Against Annexation. Mr. Platt, of Connecticut, chairman of the Cuban relations committee, replied to the Colorado senator. He maintained that there was nothing sordid in the desire to promote reciprocal relations between the United States and Cuba, and said the making of some concessions to Cuba was a plain duty of this country. It was a duty which this government owed to itself, as well as to Cuba, because absolutely friendly relations with the new republic were a necessary means

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nerve and Heart Cure and the effect was astonishing. I earnestly implore similar sufferers to give these remedies a trial."

WILL FIGHT TO GET HAHN.

Assistant District Attorney Garvin Was to Leave For Mansfield, O., Last Night.

New York, June 28.—Assistant District Attorney Garvin was to leave last night for Columbus, O., where he will make a legal struggle to bring to this city William M. Hahn, formerly vice president of the Manhattan Fire Insurance company, who is under indictment here charged with the larceny of \$39,360 from the company.

Mansfield, O., June 28.—Detective B. Indley, sent here from New York after ex-insurance Commissioner William M. Hahn, wanted at New York on the charge of grand larceny of \$39,360 of the funds of the defunct Manhattan Fire Insurance company, made no attempt yesterday to get him from Chief of Police Weil. Hahn, accompanied by the chief, was on the streets during the day. The habeas corpus proceedings had been anticipated, but nothing was done. Last night Harry M. Daugherty, Hahn's attorney, and C. F. McBride, representing the New York district attorney, were called to Columbus to meet Governor Nash today. Hahn and Chief of Police Weil were at Hahn's farm last night.

Chronic Diarrhoea.

This disease is generally regarded as incurable, mainly for the reason that the remedies usually employed are ineffectual. That it can be cured, however, has been fully proven in many cases. The following tells of one of them: Mr. T. W. Greathouse, of Prattsburgh, Ga., says: "I had been suffering from chronic diarrhoea for seven years. Last year I began taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it has entirely cured me. I had spent lots of money for doctors' medicine in the run of of the seven years. If it had not been for this remedy I would have been dead now, and I feel that I can never say too much in its favor or recommend it too highly." Sold by Alvin H. Bulger, Druggist.

THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrh, Coughs and Colds.

MR. AND MRS. PETER HOFFMAN, KYLERTOWN, PA.

M. R. PETER HOFFMAN, Kylertown, Pa., writes:

"I was deaf for five years and could find no help. I was completely deaf; was afflicted with shortness of breath, bronchitis, trouble in the throat, so that I was in misery. Through one of Dr. Hartman's almanacs I decided to try Peruna, and bought a bottle.

"I took three bottles and now feel real well; my hearing is good again; I can breathe without difficulty; my throat is no longer inflamed. I followed all the directions, and can now say that Dr. Hartman's Peruna has cured me.

"I recommend it to all suffering with catarrh. I am seventy-one years old, have an appetite again and can work. I feel ten years younger."

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safe-guard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

Mrs. Peter Hoffman also writes:

"I was sick for many years; suffered with the liver, stomach and kidneys. I had seven doctors, but none could cure me, as they did not know what ailed me.

"Every one who saw me said that I could not live very long. I began to take Peruna and grew better every day. The severe pains in the stomach have disappeared. I am now well and have a good appetite. I am seventy years old and can do my work without getting tired.

"Peruna is the best medicine in the world for catarrh. Your good Peruna has saved my own and my husband's life."

Mr. Robert Metters, of Murdock, Bass Co., Neb., Box 45, writes:

"I had catarrh from my head all through my system. I took Peruna until I was entirely cured. I am eighty-three and a half years old, and feel as young as I did ten years ago.

"I visited recently among some old friends, who said I looked as young as I did twenty years ago."

Address The Peruna Medicine Co., Columbus, O., for a free catarrh book.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement."

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Arguments in favor of a municipal
code bill for Ohio cities and towns
seem to multiply. It is strongly as-
serted that many cities are governed
by laws which are quite as unconsti-
tutional as that which the supreme
court has declared void in the case of
Cleveland. Had the legislature com-
plied with the wishes of a great num-
ber of the people, as expressed by
petitions, the present confusion might
have been averted.

President Roosevelt, on his present
tour, will do no public handshaking.
He is a strong man physically, but that
is no reason his strength should be
wasted in following out a senseless
custom. Many of his predecessors
have found their vacation trips veri-
table ordeals because they felt it in-
cumbent to grasp the hands of thou-
sands. It is time that the practice
were abolished, and President Roose-
velt will lose no friends by stopping it.

The action of the East End police in
determining to stop the illegal use of
firearms is most commendable. A simi-
lar course should be pursued all over
the city. Let those who want to in-
dulge in revolver or rifle practice take
to the woods. A populous city is no
place for such pastime.

Dewey talks as he shoots—straight
to the point. His testimony as to
what occurred at Manila should settle
forever a lot of lies told by Aguinaldo
and other Democrats.

"The legislators," remarks the To-
ledo Blade, "can now see the
monkeys the politicians made of them
in preventing the passage of the mu-
nicipal code bill."

A New York astrologer predicts that
disturbances are likely to take place
throughout the country on July 4. The
astrologer for once, at least, is un-
doubtedly right.

The Wabash has got hold of another
railroad, this one being in Maryland.
Wish it would acquire some of the un-
built ones in Columbiana county.

East Liverpool may not have a hal-
eyon and vociferous Fourth of July,
but the Turners will do their best to
make it an enjoyable one.

A Toledo man has been granted a
divorce from his wife on the ground

that she compelled him to move 28
times in 18 months. Not being a per-
petual motion crank, he finally rebelled,
and men who have been through a small
portion of his frightful experience will
sympathize, rather than condemn.

If the various Democratic factions
continue in their present mood, the
work of the 1904 Republican campaign
committee ought to be easy.

Since Dewey has been heard from
not even Edward Atkinson will have
the hardihood to refer to Aguinaldo as
the Filipino George Washington.

The Fourth of July comes next week.
The cannot cracker, the toy pistol and
the coroner are all looking for a sea-
son of activity.

Congress may adjourn before the
Fourth, giving some people additional
reason for celebrating enthusiastically.

Broken sidewalks appear to be just
as numerous as they were before the
city council ordered them inspected.

As a harmonizer Col. Bryan is just
as great a failure as he has been in
other lines of effort.

The antis probably wish that they
had never had Dewey summoned as a
witness.

OBITUARY

Mrs. M. S. Simms.

Mrs. Morgan S. Simms, formerly of
this city, died very suddenly in Pitts-
burg last evening. Leaving her home,
513 St. Clair street, with her niece,
Miss Marguerite Barnes, of this city,
for a drive on Beechwood boulevard,
she was taken suddenly ill and died in
a short time. Death was due to heart
disease.

Mrs. Simms' maiden name was Ida
LeMoine Reynolds. She was the
daughter of John Reynolds, of Pitts-
burg, who was killed in the battle of
Gettysburg. She was born in Pitts-
burg, and married Morgan S. Simms
20 years ago in East Liverpool. Mr.
Simms was then connected with the C.
C. Thompson Pottery company. Six
years ago, on account of ill health,
Mr. Simms removed to Pittsburg. The
wife is survived by her husband and
17-year-old son, Dudley Sterling
Simms, who graduated from the Pitts-
burg high school on Thursday night.

Mr. Simms is a brother of Mr. B. C.
Simms, of this city, and Mrs. John
Seaton. The deceased leaves three
sisters, Mrs. T. J. Barnes, Mrs. George
F. Brunt, of this city, and Mrs. Loretta
Sterling, of New York city.

The remains will be brought from
Pittsburg to the home of B. C. Simms,
200 Broadway, Sunday evening, and
the funeral services will be held there
Monday at 2:30 p. m. Friends of the
family can view the remains after 8
o'clock Sunday evening, or on Monday
afternoon before the funeral. Inter-
ment at Riverview.

Isaac Morgan.

Isaac Morgan died at his home at
Wheatland, Pa., Thursday night. He
formerly worked at the Wellsville roll-
ing mill, and wedded Miss Ida May,
daughter of Mrs. Ellen May, who re-
sides on Lisbon street, Wellsville.
Funeral services will be conducted
Sunday in Wheatland.

Exclusiveness to be maintained.

Our Grape Phosphate

If there is one best drink at
our fountain, and we think there
is, the above is its name.
To drink it is to praise it. We
can not tell you how fine this
Grape Phosphate really is.
You must taste it, sip it, drink
it slowly, to be able to fully ap-
preciate its qualities.
It is made differently, served
differently, and it tastes differ-
ently than any Grape Phosphate
you have ever drank.

POTTERY NEWS

The present condition of the pottery
industry of the country prevented the
placing of an order for from 10 to 12
car loads of ware in this city during
the past fortnight. Each piece of ware
was to be decorated, and as the cost
of a car load of decorated ware is
variously estimated at from \$3,000 to
\$4,000, the fact that this order was not
placed while the buyer was in the
city, may mean a serious loss to some
of the manufacturers. The company
which had its representative here has
always placed its business with the
East Liverpool manufacturers.

The S. P. A. camping club, compos-
ed of a number of pottery workers of
this city, will leave next Thursday in
a special car for Coshocton. There
will be about 25 men in the party, in-
cluding the famous hunting dog,
"Rocks," owned by Jack Clark, a kiln-
man at Vodrey's. The club will re-
main in camp for several weeks. Mr.
Holtzman is president of the club and
Mr. Cartwright is secretary.

It is learned, and from a source
considered most reliable, that the West
End pottery will take but one day this
year, and that will be July 4. It is al-
so stated that this is but following the
policy of the company for the past
eight years, when no time at all was
lost. Several other plants in the city
may follow the same plan, though no
official announcement to that effect
has been made.

Packers' local No. 25 at a meeting
last evening elected the following offi-
cers for a term of one year: Presi-
dent Byron Foutts; vice president,
Louis Hayden; recording secretary,
Frederick Pennington; financial sec-
retary, John Brookes; treasurer, Wil-
liam Denning; statistician, William
Swindells; one per cent secretary,
John Atkins; inspector, Carl Brothers;
outside guard, Charles Knoblock; in-
side guard, Mack Poole; trustee, for 18
months, Wash Williams; trustee, for
6 months, Lysle Ashbaugh. The audit-
ing committee that was appointed at
the last session made a report that
was quite satisfactory, and at the next
session of this local the new officers
will be installed. The communication
relating to the recent joint conference
was acted upon at this meeting, which
did not adjourn until about 11 o'clock.

Kilnmen's local No. 9 held a session
last evening that was considered to
have been the most important held by
the local for several months, or for
that matter for a year. It was at this
session that the report of the joint con-
ference was read to the local, and the
discussion in this matter occupied
most of the evening. The press com-
mittee of the local would not talk of
this part of the proceedings. Several
new members were admitted to the
local and other routine business was
talked over.

Local No. 44, of Sebring, elected the
following officers at their meeting
Tuesday evening: President, Harry
McMasters; vice president, James Cur-
ren; recording secretary, Charles Pink-
erton; financial secretary, C. J. Blum-
enstiel; clerk, Virgil B. Slater; guard,
Kate Sullivan; inspector, Homer Wol-
lam; trustees, Harry Green, W. S.
Crewson.

Kilndrawers' local No. 17 will meet
in regular session this evening. The
meeting will be the most important
held by that organization in months.
Besides the election of officers the
communication relating to the recent
conference will be discussed.

Albert Stanley, employed about the
decorating kilns at the Wallace &
Chetwynd pottery is suffering with a

very sore hand. He had a felon on
one of his fingers for several weeks,
and the finger is in such condition at
present that it is feared a portion of
it will have to be amputated.

W. J. and H. B. Harvey, promoters
of many potteries and other industries
at Derry Station, Pa., were in the city
yesterday. It is said that but one pot-
tery is to be built at this town, and
with other industries, is for the pur-
pose of booming a land sale.

The American Sewer Pipe company
is shipping on the average from 50 to
60 cars a day from the plants located
in the Toronto district, and the ship-
ments this summer are the largest in
the history of the sewer pipe trade.

All the glost kilns at Laughlin No.
3 are being whitewashed, and the
bands and other iron work is being
varnished. The work when completed
will make the shop look as neat as
any in the city.

One of the buyers for the American
Cereal company, stationed at Chicago,
who has been in the city for some
time, looking over the several supply
rooms, returned to his home yesterday
morning.

Adam Fenwick, kiln-drawer in the
Bucyeye pottery, left Saturday morn-
ing for a week's visit at Sturgeon, Pa.
Mr. Fenwick was badly hurt some
weeks, but is now able to work again.

The glost kilnmen at Laughlin No.
2 stopped work last evening for two
weeks. A number of the men have
planned trips and propose to take
what they claim is a much needed rest.

It stated that the Brunt pottery will
be operated until next Thursday eve-
ning, and the plant closed down prob-
ably for two weeks.

Adam Hill, who was one of the ori-
ginal members of the Royal China
company, has disposed of his interests
in that concern.

Frank Earl, a kilnman at Vodrey's,
is ill at his home with fever. He has
been confined to his room for several
days.

Frank W. Fowler, vice president of
the Union Potteries company, was in
the city yesterday on business.

New Milk.

New milk gives to all flour con-

ness through its sugar and mellowness
through its protoid.

The Antiquity of Ivory.

The Phoenicians obtained ivory from
the Persian gulf. In Nineveh, on the
other hand, an ivory object carved in
Egypt has been found which is no
doubt of African material.

The Oldest Known Lens.

The earliest known lens is one of
rock crystal, unearthed by Layard at
Nineveh. This lens, the age of which
is measured by thousands of years,
now lies in the British museum, as
bright and as clear as it was the day
it left the maker's hands.

Sugar and Growth.

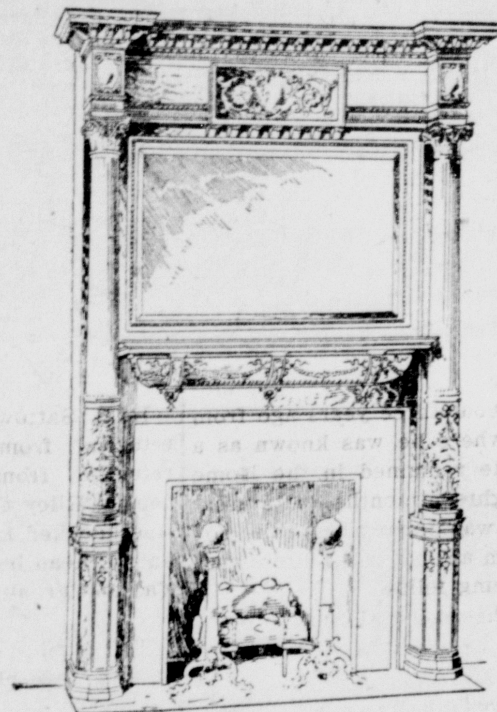

A celebrated physician asserts that
the increased height and weight of
Britons and Americans in the last half
century are chiefly due to the increas-
ed consumption of sugar.

B. H. HODGSON

HE WANTED TO GO HOME.

Georgia Boy's Unique Excuse For
Getting Out of His Work.

One Saturday in July, says J. H.
Hale in the World's Work, I came
upon a boy of fifteen or sixteen crying
as though his heart would break. In
reply to my inquiry I was told, "Mother
is dead, and I want to go home!" Of
course, I said to him, "Well, go and
see the superintendent, and he will give
you an order on the office." The boy
moaned, "I dun see him, and he won't
let me off till bell time."

This seemed hard when one boy's
work would count for so little among
several hundred, so I took him in the
buggy and hurried back to the office,
giving an order that he be paid off
and let go at once; but I was politely
told that "the superintendent's orders
are that no one is to be paid till night."

After I had insisted in rather strong
language that I might possibly be a
bigger man than even the superintend-
ent the lady assistant began a series
of sharp questions, finally bringing out
the date of "mother's" death as "de
20th ob last Feb'y!" I sneaked off,
realizing that there were some phases
of the peach business I had better not
meddle with.

WELLSVILLE

CHARGED WITH STEALING

Wellsville Lad, Formerly in Fairmount Home, in Youngstown Jail.

Supt. Southworth, of Fairmount Home, was in Youngstown on Thursday to see Raymond Clyde, a former inmate of the Home, now confined in Mahoning county jail on a charge of horse stealing. Clyde was taken into the Home about three years ago from Wellsville, where he was known as a bad boy. He remained in the Home for about eighteen months and a great reformation was apparent, and the boy changed from an incorrigible to a very tractable young fellow.

About eighteen months ago a home was found, near Canfield, for the boy, then about 13, in the home of Isaiah Goodwin was well pleased with the accession to his family. The boy, however, manifested a desire to appropriate property which did not belong to him and was detected in stealing eggs and marketing them. Later he stole a horse, drove recklessly, collided with another rig and landed in Youngstown jail. The boy will probably be placed in Mr. Southworth's care again.

STRUCK A BUGGY

A Street Car Wrecks a Rig and Gives Occupants a Narrow Escape.

A street car smashed into James Moore's buggy on Eighteenth street, and broke the rig beyond repair, yesterday. Mr. Moore had not seen the car, which was approaching from the rear. He was thrown violently to the pavement and considerably bruised. The horse was uninjured.

The occupant of the buggy had a very narrow escape. He will ask damages.

POISON IN MILK

The Supposed Cause of a Wellsville Family's Sudden Illness.

The entire family of J. B. Hayes, who live at Fourteenth and Main streets, consisting of Mr. Hayes and wife, a grown up son, and daughters and younger children, became very sick immediately after eating dinner yesterday. All recovered within a few hours.

It is thought they were victims of ptomaine or milk poisoning.

Candidates Are Many.

There is already a large list of candidates for the appointment of meat and milk inspector. The board of health will attach a fat salary to the job. Friends of the following gentlemen have out petitions or are urging the claims of their respective favorites: Charles McGregor, Sr., J. N. Turner, Dr. F. K. Hutcheson, Colonel James Noan, J. G. Kountz, Dallas Pittinger, Joseph Gamble, George Niles, J. M. Wortman, Rev. J. A. Armstrong, Judge Haney, Jeff Patterson, J. T. Warren, Dr. Al Fraser and Anthony Rash.

Two Insane Patients.

Two men were taken from this city by Sheriff Leonard to Lisbon last evening to be tried for insanity. Zimri Whitacre has been in the city jail a week, the local police thinking him intoxicated. He was once a wealthy horse buyer, but used liquor to excess. Job Wilkinson, a man of family living in the West End, has been out of the hospital for the insane only a few months, and will have to be returned.

Bones Badly Shattered.

J. S. McGrail, of the C. & P. wrecking crew, is indisposed with a fractured elbow, at his home on Fourteenth street. His arm was struck by the whirling of a crank to the heavy crane while the crew was putting a

Masons' Narrow Escape.

A close call for three stone masons occurred at the sheet steel mill last evening. They were laying the foundation for a large melting pot beneath the ground. A piece of terra cotta weighing over 100 pounds dropped 10 feet and narrowly missed striking E. M. Moncrief, Charles Custer and Geo. Marshall.

The strike of the bricksetters at the Buckeye plant in lower Wellsville continues. Including the helpers 30 men have been out of employment for a week. An agreement is expected by Monday morning.

FIRST STREET GRADE

An Important Matter Which Will Be Brought Before Council.

Another important matter that will require the attention of council at its next session is the changing of the grade from First street to Second street on Carolina avenue. In some places the grade is so lowered that it leaves a cut on either side of two and one half feet. The property owners are indignant and will perhaps change the grade about foot and a half.

A further petition by citizens will also be presented for paving in addition to the paving of Carolina avenue, already petitioned for, extending from Fourth street to Rock Springs park, instead of from Third street, as was originally intended.

The services of the wreck train were required yesterday at noon to clear away the wreck, and the excursion trains were delayed somewhat by the accident. No one was injured.

POISON VICTIMS BETTER

There Was Arsenic in the Coffee That the Cunninghams Drank.

Mr. and Mrs. A. P. Cunningham, who were poisoned, are both better today although Mr. Cunningham is still confined to his bed. Druggist C. T. McCutcheon made a test of the coffee today and found the presence of arsenic in it. He will make two further tests later.

Beaver County Oil Field.

Oil developments have been revived again in the lower end of Beaver county by Smith, Freshwater and others drilling wells in the Harrison pool. Two new wells are due today. Gailey & Bros. have started a new well in the vicinity of an old field in the section opposite Industry. Lots of leases, in what has been developed as a new pool were made Thursday, and a great deal of activity will result from these new ventures.

Wages Attached.

Squire Johnston's court heard a number of attachment cases today on board bill accounts, garnisheeing wages in the hands of the mill company, against the following parties: John Kinney, Joseph Timmons, L. A. Malone and C. M. Sinnett. Mrs. R. M. Russell also attached the wages of Charles Potts for \$10.50, due on a board bill.

New Oil Wells.

Test oil wells were begun this week on the farms of James McKinsey and B. F. Guy, who live near Harshville, in the interior. Two will be drilled on each farm, and they are far away from any present operations. A Pittsburg company has the drilling contract.

Interesting Cases.

The common pleas court of Hancock county will convene Monday, and quite a number of cases are on the docket. There will be about 40 or 50 witnesses for the defense in the "rikk" cases and an equal number for the prosecution.

FINANCES IN FINE SHAPE.

Trade Well Maintained, Except Distribution of Midsummer Specialties—Manufacturing Active.

New York, June 28.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Foreign markets were badly deranged by the sudden illness of the king, and there was much liquidation prior to the closing of British exchanges from Wednesday afternoon to Monday morning. Domestic financial conditions are exceptionally satisfactory and trade is well maintained although low temperature interfered with the distribution of midsummer specialties. Manufacturing operations have increased in activity; especially in the iron and steel industry and textile production, while the constructive work on new buildings and bridges is very heavy. Labor difficulties have not improved in the anthracite coal region, but numerous settlements have been effected elsewhere. Railway earnings thus far reached for June exhibit an average increase of 4.6 per cent over last year and 17.7 per cent over 1900.

Furnaces Resumed With Coke. Most of the blast furnaces that were stopped by the scarcity of anthracite coal have resumed with coke, of which the ovens have established new records of output, and shipments have been still larger, owing to the stocks accumulated during the car shortage.

Despite the vigorous pig iron production, numerous contracts have been placed abroad, and still the machine shops, manufacturers of stoves and implements and consumers generally are seeking deliveries. Structural

shapes of steel and all forms of railway equipment continue to lead the market, orders in these lines running far into next year. Bars and sheets are the least active divisions of the market, but even in these there is no tendency of weakness. Higher freights have not materially checked imports, and it is reported that a large structural mill in Germany has sold its output for this year to American consumers. Another evidence of domestic needs is the placing of a Mexican rail contract with British producers, which would ordinarily have been taken in this country.

Woolen goods have been taken more freely, especially the better qualities, and clothing manufacturers are preparing for a large fall trade. Raw wool is in better request at eastern markets, but the new clip is held at a premium that limits trade.

Agricultural Prospects Good. Agricultural prospects are far above the average, and rapid progress is made with winter wheat harvesting. Lays have been encountered from heavy rain, while injury has occurred in the southwest from drouth, but these adverse influences are less extensive than usual. Wide differences between cash prices and next crop options indicate the views of traders. The week brought little operation in spot operations, light supplies holding all cereals fairly steady.

Failures for the week numbered 200 in the United States, against 204 last year, and 20 in Canada, against 23 a year ago.

Pots and Pans.

You can tell more about the quality of the housekeeping from the condition of the kettles and pans in the kitchen than from the way the empire furnace is arranged in the parlor.

ANOTHER VICTORY FOR PARKERSBURG

Lads From Down the River Did
East Liverpool Up in a
Great Game.

FINAL SCORE WAS 16 TO 6

The Contest Was Much Better Played
and More Interesting Than the Pre-
ceding One—Locals Made Four
Runs in the Seventh Inning.

Parkersburg came out victorious
once more and it certainly had easy
picking. Only one inning was required
to do the work. It was not the lucky
seventh either.

The visitors say that the sixth is
when they make them all. Their state-
ment can hardly be doubted; that is,
if they are in the habit of doing the
same trick every day in the week that
they turned in the sixth in this memor-
able game. Seven, four bases on balls
and five hits almost filled the frame.
Winters couldn't help it. He did the
best he could and that is all that Man-
ager Walsh asks. Adams in this in-
ning was the first man up. He walk-
ed. O'Neil did likewise.

Winters went straight up in the air.
The plate looked to him every time as
if some one had moved it at least three
feet. Leonard, the next man up topped
it off with a pretty two-base hit. Doc
Howard was then noticed holding
Winters to keep him close to terra
firma. He wanted to go and hunt
some ill-fated balloonist.

Klinworth rubbed it in when he took
a walk and Sapp surely sapped the life-
blood when he followed suit. DeVare
was not satisfied to let the good work
cease and pounded out a single.
"Grandpa" Murphy took a little pity,
being well up in years, and understand-
ing what the possible results of an
awful drubbing are, and struck out.
That nerved Winters a little, but he
was shattered worse than ever when
Johnston applied his bat so hard that
the ball did not find a resting place
until it reached the dressing room
near the street car track. And Adams,
he was not satisfied. He took advan-
tage of a nice one and landed it over
second, but he finally did show signs
of weakening and let Emmerling put
him out on O'Neil's hit to John Hack-
athorn.

Thus ended the greatest inning for
slugging and walks witnessed on local
diamonds for years. As a rule a team
thinks it has done pretty well when it
totals in an entire game a like number
of hits, runs, etc. The West Virgin-
ians do not. They have been in the
habit of committing such crimes.

The "hoop polers," however, must
not be credited with doing all of the
playing in one inning. East Liverpool
also made a creditable sport and that
in less than two innings. As usual it
was in the seventh. Fred Hackathorn
started it with a clean hit and stole
second. He rested there, however, for
a few minutes, for Webb stood up and
whaled away at three imaginary balls
and was retired. DeVare at this point
became so elated that he threw the
next four balls wide of the plate and
allowed Emmerling a walk. Winters
won where Adams lost, getting first on
the latter's error. Daniel's got field-
er's choice and when Harker placed a
hit he scored making a total of four
in the single round. In the eighth and
ninth they went out by the one, two,
three method and consequently the
game went to the visitors for the sec-
ond time.

Daniels, a member of the old Eclipse
team, played a nice game in middle
field. He hasn't forgotten the game

A HARD STRUGGLE

Many an East Liverpool Citizen Finds
the Struggle Hard.

With a back constantly aching.
With distressing urinary disorders.
Daily existence is one of struggle.
No need to keep it up.
Doan's Kidney Pills will cure you.
East Liverpool people endorse this
claim.

Mr. Henry Bevington, who resides
at the corner of Avondale and Brad-
shaw avenue, says: "During three
years I had attacks of dull, steady
aching in the back. When stooping or
sitting for some time it would change
to a quick pang as I arose to an up-
right position. My back tired out
easily when walking or standing long,
and I often had headaches, dizziness,
and in the mornings great depression.
I took medicines, many of them, but
found Doan's Kidney Pills, sold at the
W. & W. pharmacy, to be more suita-
ble for my complaint than anything
I had ever tried."

FORCED CIVIL GOVERNMENT.

Witness So Indicated as to Gardener's
Policy—Under Impression That
Newberry Murdered Natives.

Manila, June 28.—Captain Matthew
F. Steele, Sixth cavalry, testified yester-
day in the investigation of the
Gardener charges. His testimony was
in part:

He left Tayabas province in 1901.
He said that, acting under Major
Gardener's orders and after protest-
ing, he placed the principal residents
of Lucban under guard during the
vote for local president, and that they
complained bitterly of the action
taken. Witness left them, and when
he returned he found they had voted
for a criminal who was in jail. He
told them they must elect another
man. Witness firmly believed they
voted for the men they most hated.
The man elected president protested
and pleaded to be relieved, but he was
compelled, under threat of being put
in the guard house, to accept the of-
fice.

Captain Steele said that among his
brother officers Major Newberry,
formerly of the Thirtieth regiment of
volunteers, who testified before the
board on Wednesday, was reputed to
have used a perfectly unscrupulous
method of obtaining information from
natives. Once the witness asked him
if he had killed five natives with his
own hand and got the understanding
that he had killed several men with
his Mauser pistol. Witness did not
ask the reason for this and was not
prepared to say that Newberry had
actually killed them, but that was
Witness' impression.

AMNESTY TO NATIVES

Cabinet Decides on Terms of a
Proclamation to the
Filipinos.

TO BE ISSUED ON 4TH OF JULY

if Philippine Government Bill is a
Law That Day, and if Acting Gov-
ernor Wright Approves—Aguinaldo
to Be Included.

Washington, June 28.—At the meet-
ing of the cabinet yesterday the terms
of an amnesty proclamation to the
Filipinos, which it is contemplated to
issue on the Fourth of July, were
agreed upon. The war department
for some time past has had under con-
sideration the draft of a proclama-
tion and has found it necessary to
make a number of changes in its
text. In its modified state it was
agreed to by the cabinet yesterday
and Secretary Root will cable it to
Acting Governor Wright for his in-
spection. If it meets the latter's ap-
proval nothing will remain but for the
president, if the Philippine civil gov-
ernment bill is a law on that day, as
is now expected it will be, to issue on
Independence day a formal proclama-
tion setting forth terms of amnesty
for any political offenders in the
islands, including Aguinaldo and those
held at Guam.

To Restore Peace in Islands.
The proclamation is based on the
general objects of the Philippine gov-
ernment bill, namely, to restore peace
in the archipelago and substitute a
civil for a military administration.
That bill is now in conference and the
proclamation will not be issued until
the Philippine government measure
has been agreed upon by both houses
and the president has affixed his sig-
nature to it. The proclamation will
declare that a state of peace now ex-
ists in the Philippine islands, save in
the parts of the archipelago where
the Mindanao or Pagan tribes are
giving the United States a great
amount of trouble, and will declare in
effect that with the transfer of the
government of the archipelago from
a military to a civil status, all those
arrested and held for political of-
fenses shall be restored to liberty,
granted full amnesty, and allowed to
participate in the civil government
that is to be inaugurated on the
islands. While the proclamation is
subject to changes in text, the gen-
eral language of the document is
pretty well mapped out. There was
a general discussion yesterday of the
treatment that should be accorded
the political prisoners on the islands.

Affects Only Political Prisoners.
There is no intention, it is stated, to
release those prisoners convicted of
other than political offenses, the bene-
fits of the amnesty being limited to
those in custody as a result of
breaches of military law, leaving
criminal offenders to the action of the
proper authorities under its coming
civil government. When the islands
are turned over to the civil authori-
ties they will not be left without ade-
quate military protection, as no more
troops will be ordered home for the
present, and every precaution will be
taken for the military safeguarding
of the islands under the new civil ad-
ministration.

Hopeful of Taft's Efforts.
Another subject under consid-
eration at the cabinet meeting yester-
day was the negotiations for the
purchase of the friars' lands in the
Philippines. Secretary Root took
with him to the meeting all the cor-
respondence which has passed be-
tween himself and Governor Taft
while the latter has been carrying on
his negotiations at Rome. It is un-
derstood that Secretary Root feels
great confidence in a successful out-
come of Governor Taft's efforts.

The cabinet meeting was held in
the president's temporary quarters on
Lafayette Square and was the first
time in 88 years that a regular session
of the cabinet was held outside the
White House.

DEWEY DIDN'T REPLY.

SAID HE WOULDN'T ANSWER CAR-
MACK'S QUESTION.

Believed Aguinaldo Was In Philip-
pines For Loot and Money—Por-
tion of Testimony.

Washington, June 28.—Admiral
Dewey continued his testimony be-
fore the senate committee on the Phil-
ippines yesterday. The testimony was
in part:

Speaking of Aguinaldo's loyalty,
the witness said that he had become
suspicious of that leader before the

The Greatest Detective Story

"THE HOUND OF THE BASKERVILLES"

By CONAN DOYLE.

Will Be Published Exclusively in the

Commencing July 6th, 1902.

cent book for the children

receipt of his proclamation of July
15. He said: "I began to suspect
that he was not loyal to us when he
demurred to moving out of Cavite
when our troops arrived."

"You mean that they were thinking
more of their own independence than
of us?"

"Yes."
Believed He Used Peace Money.
Admiral Dewey also testified con-
cerning the arms sent to Manila by
Aguinaldo, and Senator Delrich
asked the admiral if "he did not be-
lieve that the arms were purchased
with money previously paid by Spain
to secure peace and that it was his
intention to use the money to foment
another insurrection."

The admiral's reply was: "Ex-
actly so."
Mr. Patterson called attention to a
number of proclamations forwarded
by him to Washington in May, but Ad-
miral Dewey said he did not remem-
ber having read them, and in explana-
tion of his failure in this respect he
said:

"The days and nights were not long
enough for me to get through with
my work at that time. Evidently I
did not consider the proclamations as
of importance if I did read them, for
I made no comment on them."

The reading of these dispatches was
followed by a number of questions.

"Knowing of Aguinaldo's expecta-
tion and purpose to secure indepen-
dence," said Mr. Patterson, in begin-
ning a question, but before he had
concluded he was interrupted by the
witness, who said: "No, I did not
know that."

"Then you believed such to be his
purpose?"

Believed He Was After Gain.
"I didn't believe it, and since you
have asked my opinion, I will say that
I believe he was there for gain—for
not, for money, and I further believe
that independence never entered his
head."

Senator Carmack then put a num-
ber of questions to the witness. Re-
plying to these the admiral said it was
true he had assisted Aguinaldo in or-
ganizing his army by supplying him
with arms, etc.; that at that time
there was no American soldiers in the
Philippines, and that Aguinaldo had
complete control of his own forces,
and that he was under no restraint.
He having laid the foundation by se-
curing these statements, which were
in reiteration of what the admiral had
said in his testimony Thursday, Mr.
Carmack asked the witness why he
had done so much to aid a man whom
he regarded as "a common robber and
plunderer."

Apparently Embarrassed Dewey.

The admiral did not reply immedi-
ately. His face reddened and he
laughed. He then said the senator
had not quoted him accurately, but
he admitted that he had said Agui-
naldo had gone to Manila for pillage
and plunder. He added, "You know
the old saying that 'all is fair in
war.'"

"Do you consider it fair in war to
assist a known plunderer and robber
in an enemy's territory to pillage
without restraint?"

"I believe it is, as I read history."
"Then you admit that you assisted
this robber and plunderer to organ-
ize, etc.?"

"I didn't then call him a robber and
plunderer; I called him the 'insurgent
leader.' I have said here that he was
there for money and loot. I think
those were my words, and I think
that is what he was there for. Do
you," he said, turning interlocutor
himself, "think he was there for any-
thing else?"

"I do," responded the senator.

Admiral Very Emphatic.

"Well, I don't," said the admiral

and as if to express his opinion still
more emphatically, he repeated, "I
don't," and added, "I swear I don't."
In answer to questions he said he
believed he knew Aguinaldo better
than the army officers.

"Did Aguinaldo tell you that he was
there for money and loot?"

"I saw in his actions that he was
He hadn't been there 48 hours before
he was taking everything in sight—
provisions, munitions, etc."

"From the Spaniards?"

"From everybody."

"For himself?"

"I expect he got the lion's share."

"You don't know of a single dis-
honest act on the part of the man,
and yet you regard him as a thief?"

Dewey Decided Not to Reply.

Just before this question was asked
Senator Lodge, as chairman of the
committee, had announced that 12
o'clock, the hour for adjournment, had
arrived. The admiral took advantage
of this announcement to cut short a
line of inquiry that was plainly an-
noying him. He rose as the last ques-
tion was being propounded, and when
it was concluded said:

"I think I shan't answer that ques-
tion."

He then took his hat and left the
room with a polite word of adieu, but
without being formally dismissed.

The examination of the admiral will
be continued today.

BLOCKED UNANIMOUS CONSENT.

Threat of Moon Unless Recognized on
Indian Territory Bill.

Washington, June 28.—The house
yesterday began consideration of the
contested election case of Horton vs.
Butler, from the Twelfth Missouri dis-
trict. In this case the majority of the
committee found that the election was
so tainted with fraud as to make it
invalid and recommended that the
seat be declared vacant. The minor-
ity found that Mr. Butler, the sitting
member, had been legally elected and
recommended that he retain his seat.
Three hours' debate on a side were
allowed. The speakers yesterday
were Messrs. Smith, of Iowa, and
Partholot, of Missouri, in favor of the
majority, and Mr. Bowie, of Alabama,
in favor of the minority report. The
vote will be taken today. Some odds
and ends were cleared up during the
early portion of the session. Re-
quests for unanimous consent, for
which there is always a great demand
during the closing days of a session,
were suddenly blocked yesterday by
Mr. Moon, of Tennessee, who told his
friends that he would object to all
such requests until he was recognized
to ask consideration of the bill to give
the Indian territory a territorial form
of government.

MISS JULIA McCORMICK SAYS FOR LIFE PLANT.

Canton, O., May 22, 1902.

The Life Plant Co., Canton, Ohio.

Gentlemen:—Three years ago I was very sick; had no ambition whatever and was run down until I was miserable. I heard of Life Plant and decided to try it. Took two bottles of the medicine and it cured me. I had so much faith in it then that I advised many of my friends to try it. They did so with excellent results in every case. I could name many who have been cured of different troubles by Life Plant. One in particular was cured entirely of catarrh and many others were cured of different diseases. I consider it the best medicine for all blood diseases, General Debility, Asthma, Stomach Trouble, etc., that is made, and advise all who are suffering from such troubles to take Life Plant. I am never without Life Plant and take it at intervals as a tonic. Life Plant is the best medicine I have ever taken.

Yours respectfully,
JULIA McCORMICK.

ASSEMBLY CONFRONTED BY A HERCULEAN TASK

Gov. Nash Will Soon Issue Call For Extra Session of Legislature.

THE SUPREME COURT'S SWEEPING DECISION

Invalidates Acts of Special Legislation in Practically All Ohio Cities and Towns.

A COMMISSION TO BE APPOINTED TO DRAFT A CODE

From a Staff Correspondent.

Columbus, June 28.—Governor Nash met with the state officials yesterday to discuss the matter of an extra session of the legislature. The sweeping decisions of the supreme court have destroyed the whole fabric of city governments of the state and there is nothing left for the legislature to do but to reconvene and devise a system, uniform in application, for all municipalities. The decision also affects all special legislation, making it invalid. The far-reaching effect of the decisions is beginning to dawn with full force upon the people and is filling them with consternation. There is hardly a city, village or hamlet in the state which has some form of special legislation which is invalidated.

The legislature has a herculean task before it. It must, perforce, practically reconstruct the entire system of government for Ohio cities. It is stated that Governor Nash meditates appointing a commission to be composed of leading members of the bar to draft a general code and submit it to the legislature.

Governor Nash is very much perturbed. He is deliberating on the situation and expects to announce in a week or so when he will issue a call for the assembling of the legislative solons. He will submit a message at the opening of the session recommending action which, in his judgment, he thinks the legislature should take.

There have been five extraordinary sessions of the legislature since Ohio was admitted to statehood. The last was convened by Governor Campbell, October 14, 1890, for the purpose of passing an act reorganizing the government of Cincinnati. The legislature

had its work for nothing, for the supreme court declared the act unconstitutional.

The reconvening of the legislature will create a big expense. While the members will receive no extra compensation, the vast army of attaches will, and the longer the session lasts the greater the size of the bill, as the latter are paid by the day, Sundays and holidays included.

The court's action with reference to the illegality of special legislation is based on article 13 of the constitution which prohibits the conferring of corporate powers by special legislation. The court holds the Cleveland charter law, which is knocked out, is in contravention of this provision of the constitution. The present charter of Columbus is to be assailed in the courts and there is not the slightest doubt it will be declared unconstitutional. Meanwhile the city may have two rival governments, it being stated that council will resume its prerogatives under the original law which gives it direct jurisdiction over certain city departments now under control of the mayor.

In discussing the decision in the Cleveland case Attorney General Sheets said that while it did not strike immediately at any other city, they not being nominally parties in the suit, he had no doubt but that their governments would be set aside by the court were test suits brought.

The supreme court adjourned yesterday for the summer vacation, reconvening in September. One of its last acts was the declaring constitutional of the Lorworth omnibus bond bill. Under this act bonds may be issued by any municipality for almost any local purpose.

Wednesday before Christmas. The shop collectors have not been appointed by President Yates, but this is expected to be done next week. There are five appointments to be made.

The Summer Shut Down.

Next Thursday the employees of all the potteries under the control of the East Liverpool Pottery company, will receive 16 days' pay. Their regular pay day was to have been today, but the company thought it wise to pay the men up to the shut down, and the men thought this a good plan also. Many other potteries in the city will follow the same plan, a system that has been followed by the East Liverpool manufacturers for years.

Has a Coronation Medal.

Columbus, June 28.—(Special)—Thomas Filmer, of Cleveland, who sells oil to the East Liverpool potteries, also a prominent member of the Sons of St. George, exhibited a coronation badge in Columbus which he brought with him from England. It is of gold, a little larger than the American silver dollar, bearing on one side the heads of the new king and queen and on the reverse the dates of birth and coronation.

New Trial Granted.

Lisbon, June 28.—(Special)—In the case of D. T. Lawson, of Wellsville, versus Thomas Lawson, the judgment for the defendant, rendered some time ago, has been set aside, on the ground that the verdict was against the weight of the evidence. A new trial was granted. D. T. Lawson was trying to collect \$25 for one month's rent for Lawson Bros.' store room in Wellsville.

Two More Prisoners.

Lisbon, June 28.—(Special)—Sheriff Leonard brought Joseph Wilkinson and Zimri Whitacre, both of Wellsville, to the county jail yesterday. It is claimed that these men are insane and they will have a hearing before Judge Boone at an early date.

W. T. HARRIS. W. M. BEARDSHEAR.
EXECUTIVE OFFICERS OF THE NATIONAL EDUCATIONAL ASSOCIATION.

Two men who will be prominent in the deliberations of the National Educational association, which will hold its forty-first annual convention in Minneapolis July 7-11, are W. M. Beardshear, the president, and William T. Harris, commissioner of education of the United States. Special rates have been made by all railroads and most of the prominent American professors of pedagogy will be present.

A DATE IS FIXED

For County Primary—None Will Be Held If But One Candidate.

Lisbon, June 28.—(Special)—The Republican county executive committee met here, every member present, at 1:30 this afternoon. A resolution was adopted calling for a primary to be held on Saturday, June 12, between the hours of 12:30 and 6:30 p. m., to select a candidate for congress. The places for voting are to be designated by the county committee in the call.

All persons desiring to be candidates shall be required to notify the chairman of the executive committee on or before noon July 5, and pay to the treasurer of the committee an assessment of \$200 to cover the necessary expenses. On failure to pay the name of the candidate shall not go on the ticket.

POTTERY WORKERS HAD A BAD FRIGHT

Two Were Slightly Injured And Another So Scared That She Fainted.

A BANISTER CAVE WAY

And Those Sitting on the Railing Were Precipitated to the Ground on Top of a Pile of Broken Ware. Narrow Escape.

A serious accident was narrowly averted at the Diamond pottery of the East Liverpool Pottery company yesterday afternoon. It resulted, however, in more excitement than injury. Three employees of the plant were sitting on the banister railing at the top of the landing leading to the office of the plant when it gave way, causing two persons, Parker Harley and Miss Ella Knowles, of the warehouse department to fall to the ground, a distance of about eight feet on top of a small pile of broken bisque ware. Miss Alice Earley, who was also on the railing when it broke, caught another part of the frame work, and by so doing prevented a fall.

Miss Knowles received a deep gash over the right eye, and was also otherwise injured about the head. Mr. Harley was injured about the arms and legs but not seriously. He was able to resume his work this morning.

Miss Earley, who is the forewoman of the warehouse girls, fainted shortly after the accident, caused by fright, and was compelled to be removed to her home.

During the afternoon Miss Sallie Greenwood, a steamer at this plant was overcome by a fit in the biscuit warehouse, in which state she remained for almost two hours. She also was removed to her home.

RAPID STRIDES OF THE CITY

The board of equalization left this morning for Lisbon to submit their report to Auditor J. F. Adams, having completed it yesterday after several weeks of arduous work.

By wards the increase made was as follows: First ward, \$2,860; Second ward, \$4,530; Third ward, \$1,530; Fourth ward, \$270; Fifth ward, \$880.

The assessors' figures on new property—that is, property that has been improved and finished since June, 1901—the board found were just \$96,530 too short.

The assessors valued the 84 new structures in the First ward at \$60,875, and the board found an increase of \$34,125.

The 32 new structures in the Second ward were valued at \$33,600. The board raised it \$15,920.

In the Third ward the assessor made the valuation on 14 new houses \$9,855, which fell short of the board's valuation \$21,000.

In placing the valuation on the 49 new structures in the Fourth ward the assessor only fell short \$2,910.

The Fifth ward shows by far the greatest amount of improvement. The number of new structures in this ward come within 43 of the total number in the remaining wards. The assessors' valuation was \$96,000, while that of the board amounted to \$137,475.

From the above figures alone it can be seen that the city is making great and rapid strides toward modern improvement. It is predicted that building will increase during the coming year, and that the valuation of new to the courts of a committee composed of a half million of dollars.

THE RUTTERS ARE FREE

Grand Jury Found Insufficient Evidence to Hold the Salem Couple.

Lisbon, June 28.—(Special)—Al and Mrs. Alice Rutter, of Salem, who have been in the county jail for about a month, the former on a charge of fornication and the latter accused of infanticide, are now free. The proof before the grand jury did not sustain the charges.

It was proved that Mrs. Rutter gave birth to a child, but it was not proved that the child found was hers. Mrs. Rutter's daughter, who had received letters from her mother, written in jail, was supposed to know the whole story, but would give nothing away, although closely questioned and accused of lying.

The River Is Rising.

The steamer Greenwood came down last night with a good trip and took on about 100 passengers for points below to spend the Fourth with relatives and friends. The Lorena passed down today with a good trip. The Kana-wha and Ben Hur are the packets due up tomorrow. The river rose 6 inches during the past 24 hours. A new pool steamer, a trim craft, the Cadet, came down from Pittsburgh this morning with two loaded coal flats for East Liverpool.

Wouldn't Incriminate Another.

Lisbon, June 28.—(Special)—Frank Haskins, who was indicted by the grand jury for burglary, stoutly refused to implicate his pal, Oliver Huffman. He said that he lied when he stated at Wellsville that some one helped him. Huffman was allowed to go.

EAST END

DECLARED A NUISANCE

The Illegal Use of Firearms in the East End Must Cease.

Officer Jay Fisher, of the East End, has sent forth the word that the first person caught in the act of discharging firearms in the Fifth ward will be arrested, and given the pleasant duty of increasing the city treasury. The uncalled for use of firearms in this part of the city has become a nuisance and numerous complaints have been made to the East End authorities along this line. Action is now to be taken, and all violators of the city ordinance will be harshly dealt with.

This morning hardware dealers in the East End were reported doing a good business in the sale of cartridges, sales mostly being made for the smaller cartridges. Several boys were shooting flobert rifles along the railroad track just west of Mulberry street, but this fact was not known to the authorities at the time.

James Welsh is an expressman, and makes frequent trips between the city and the East End. A few days ago he was hauling a fine piano to the East End, along Pennsylvania avenue, and during the trip a report of a firearm was heard, and shortly afterwards it was discovered that a bullet had struck the front of the piano in his wagon, and a mark of this sort is anything but beautiful to such an instrument. It was stated that the bullet was a 22 long cartridge. Although an investigation was begun to ascertain who fired the shot was commenced the search was unsuccessful.

Show Boat Nearly Built.

After many weeks of hard work the show barge that is being built on the Ohio side at the foot of Bab's Island will soon be completed. A few weeks ago it was stated that a show boat would soon start down the river, but at that time it was thought the craft would be built at Pittsburg. The sides are now being placed on the barge, and the stage has about been completed. If possible the first performance will be given at the wharf in this city about next Friday.

Street Railway Men's Meeting.

The regular monthly meeting of Division No. 52, street railway employees, will be held this evening in Protected Home Circle hall on First avenue. There is not very much business except of a routine nature to be considered, other than the initiation of several new members. A few applications for membership are also to be presented.

Not Much Stock on Hand.

The work of taking stock at the East End plant of the American Sewer Pipe works is now in progress, but it will not be completed for several days. There are two men at this work, and as some very large shipments are being made from this plant, it will be found that not an extensive stock is on hand.

Another Gypsy Camp.

A camp containing three families of gypsies is now located at Dry Run. Two gypsy women were in town last night and attracted a great deal of attention by their peculiar dress. One of them had a chain of foreign coins strung about her neck, besides other medals.

East End Couple to Wed.

At the home of friends at Lisbon tomorrow evening it is stated that the marriage of Miss Emma Carson and Mr. William Dexter will take place. The young couple are from the East End, and will go to housekeeping on High street.

EAST END AFFAIRS.

The funeral of Charles Ross was held this morning from his late home in Calhoun's addition. The services were largely attended.

Mr. and Mrs. Archie Putnam have announced their intention of removing to Akron. They have resided in the East End for several years.

DOWN THE OHIO

Probable Route of a Railroad Which Pittsburg Capitalists Are Projecting.

It is thought that the recently organized Pittsburg Terminal Railroad and Coal company is merely the beginning of the construction of another railroad that will give the immense tonnage of the Pittsburg district an outlet to the west and southwest.

While their names have not yet been connected with the company those who are said to be furnishing the capital and who are believed to have planned the entire affair are Henry C. Frick, Charles Donnelly and Frank E. Nicola.

The Pittsburg Terminal and Coal company already has a Pittsburg terminal. It owns the West Side Belt railroad, which was formerly known as the Pittsburg and Little Sawmill Run railroad, and its terminal is on West Carson street.

During the past month or more the residents of points down the Ohio river, have been more or less puzzled by surveying corps that have been driving their stakes along this route. At least three corps have gone over the route, and it is now stated that these surveyors are in the employ of the Pittsburg Terminal Railroad and Coal company, and that the surveys are being made for a proposed extension of the railroad down the Ohio river.

The purpose of the company is said to be that of extending the railroad, branching out from the present line south of Sheridan, cutting across that borough, Esplen, McKees Rocks and Neville Island, and then paralleling down the Ohio. The road, it is said, will follow the river as far as Steubenville, and from there cut across Ohio to take in the more important towns. The new line, it is said, is to be carried west 200 miles, there to connect with independent lines running further west and to the southwest.

SHE USED A CLUB

Man and Wife Fought on Street and Attracted a Crowd.

"Knocky" Smith, who resides on Sixth street, and his better half, who is quite a large woman, had a fight on Sixth street last night, and Mrs. Smith took a club and belabored her husband over the head, blacking his eye and bruising his face, the blood running profusely from his wounds. Then "Knocky" attempted to take her home and leading her by the arm, started down Sixth street.

Arriving at the Diamond Mrs. Smith calmly slid from under her shawl and began a lively sprint down the thoroughfare, leaving "Knocky" to explain matters to the throng that was attracted to the scene.

INTO PROFOUND NEGLECT.

The Stock Market Fell on Friday. Some of the Features.

New York, June 28.—Yesterday's stock market fell into profound neglect. Except for the dealings in one or two stocks, which were selected by the supporters of the market for their sustaining effect, there was almost nothing doing. St. Paul was again the leader and there was a spurt in Illinois Central during the day, which had no news to explain it. Missouri Pacific continued in good demand, but its rise did not extend to a point at any time. The industrials were weak in spots, but were even more neglected than railroads. The passing of the dividend on Colorado Fuel caused a drop of 4 points in that stock on active selling.

The stock fluctuated feverishly all day and closed at a net loss of only 1 1/2. The passing of the dividend on Ice preferred was reflected in the movement of these stocks, the preferred declining an extreme 3 1/2, and closing at a recovery of 1 1/2. Amalgamated Copper was under pressure again, but met support at about 63, as on the previous decline. The market eased off in the late dealings and closed heavy below the best in all cases.

GOOD NEWS OF KING.

Physicians Last Night Reported His Condition As Satisfactory.

HE MADE SUBSTANTIAL GAIN

And Had a Comfortable Day, Yesterday—Opinions of Prominent Physicians Were That Recovery Was Probable—Rough Element Rioted.

London, June 28.—King Edward's improvement was maintained at 1 o'clock this morning.

London, June 28.—"It's the best yet," was the popular comment with which the bulletin posted at Buckingham palace at 11 o'clock last night was greeted. A small crowd waited before the palace until the bulletin was brought out, and when the good news became known there were cries of "Hear! Hear!" and cheers. Lord Churchill, the acting lord chamberlain, drove up to the palace just as the bulletin was issued, and he expressed his keen pleasure at the doctor's report of the king's condition. After learning the contents of the bulletin the crowd at the palace quickly dispersed and the rejoicing, which was already apparent in the crowded streets, increased in keeping with the terms of the latest report.

A Pleasing Bulletin Last Night. The 11 o'clock bulletin was as follows:

"His majesty's condition is in all respects satisfactory. The king has had a comfortable day and has made substantial improvement."

(Signed) "Treves, "Laking, "Barlow."

The Prince and Princess of Wales dined at Buckingham palace last night in company with several foreign royal personages. All the diners returned early to their homes.

The unanimity among prominent physicians in expressing their opinions as to the case of the king was quite remarkable. All the professional opinions gathered were distinctly favorable and hopeful; the doctors regarded the danger of peritonitis as almost past and believed his majesty's recovery to be entirely probable.

Liverpool was illuminated last night in recognition of the good news.

Riots Among Rough Element. The provincial hoboos in several minor towns who were deprived of their expected feasts and the opportunity to "Maffick," indulged in angry demonstrations against the local authorities who had postponed public dinners and festivities yesterday.

Smashing windows was the favorite form of protest. In some cases the "hooligans" lit the bonfires which had been prepared for the celebration of the coronation.

The most serious disturbances occurred at Watford, 15 miles from London. Early yesterday morning a mob overpowered the police, wrecked several shops and set fire to a store owned by the chairman of the town council. A number of special constables were sworn in and the disturbance was quelled.

A Total Eclipse.

Any man can produce a total eclipse of the sun, so far as he himself is concerned, by holding a dollar close to his eye. The total eclipse of health is often produced in much the same way, by letting the dollar shut out from view all other things and interests.

A great many people pay for wealth with health and admit at last that they have made a poor bargain. In the chase of the dollar people are too eager to take time to eat regularly or choose proper food, the stomach becomes disordered or diseased, the food eaten ceases to nourish, and physical breakdown comes.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition and so enables the strengthening of the body, in the only way by which strength can be obtained, by food properly digested and perfectly assimilated.

"I suffered for four years with pain in my stomach so that at times I couldn't work nor eat," writes Mr. Frank Smith, of Granite, Chaffee Co., Colo. "I wrote to you about my sickness and was told to use your medicine, which I did with good results. I only used four bottles of Golden Medical Discovery, and must say that I am entirely cured, and feel like a new man, and I can highly recommend your medicine to any sufferer."

TELLER HITS RECIPROCITY MEN.

Beet Sugar Advocates Will Never Consent to Reduction, Unless Whole Tariff is Revised.

Washington, June 28.—Quite unexpectedly a sharp debate arose in the senate yesterday on the question of Cuban reciprocity. Mr. Teller, of Colorado, at whose instance the senate committee on Cuban relations made its investigation of the subject, delivered a spirited speech in opposition to reciprocity with Cuba. He charged that the entire reciprocity propaganda had been backed by the American sugar refining company and by Americans who were interested financially in Cuban sugar plantations. The purpose, he said, was to strike down an important agricultural industry of this country. He was willing to join in a general revision of the tariff to meet changed conditions, but unless the duties on iron and steel and other products were reduced, together with those on sugar, in order that the arrangement might be equitable, the beet sugar growers never would consent to a reduction on their product.

Platt Against Annexation. Mr. Platt, of Connecticut, chairman of the Cuban relations committee, replied to the Colorado senator. He maintained that there was nothing sordid in the desire to promote reciprocal relations between the United States and Cuba, and said the making of some concessions to Cuba was a plain duty of this country. It was a duty which this government owed to itself, as well as to Cuba, because absolutely friendly relations with the new republic were a necessary means

Later I took Dr. Miles' Nervine with the Heart Cure and the effect was astonishing. I earnestly implore similar sufferers to give these remedies a trial."

of defense to this country, unless the United States should annex the island. That, he hoped, would not be done, as he regarded annexation as a grave menace to our institutions. The District of Columbia appropriation bill was disposed of finally, as were several other less important measures.

WILL FIGHT TO GET HAHN.

Assistant District Attorney Garvin Was to Leave For Mansfield, O., Last Night.

New York, June 28.—Assistant District Attorney Garvin was to leave last night for Columbus, O., where he will make a legal struggle to bring to this city William M. Hahn, formerly vice president of the Manhattan Fire Insurance company, who is under indictment here charged with the larceny of \$39,360 from the company. Mansfield, O., June 28.—Detective Bindley, sent here from New York after ex-Insurance Commissioner William M. Hahn, wanted at New York on the charge of grand larceny of \$39,360 of the funds of the defunct Manhattan Fire Insurance company, made no attempt yesterday to get him from Chief of Police Well. Hahn, accompanied by the chief, was on the streets during the day. The habeas corpus proceedings had been anticipated, but nothing was done. Last night Harry M. Daugherty, Hahn's attorney, and C. F. McBride, representing the New York district attorney, were called to Columbus to meet Governor Nash today. Hahn and Chief of Police Well were at Hahn's farm last night.

Chronic Diarrhoea.

This disease is generally regarded as incurable, mainly for the reason that the remedies usually employed are ineffectual. That it can be cured, however, has been fully proven in many cases. The following tells of one of them: Mr. T. W. Greathouse, of Prattsburgh, Ga., says: "I had been suffering from chronic diarrhoea for seven years. Last year I began taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it has entirely cured me. I had spent lots of money for doctors' medicine in the run of the seven years. If it had not been for this remedy I would have been dead now, and I feel that I can never say too much in its favor or recommend it too highly." Sold by Alvin H. Bulger, Druggist.

Are Never Without Peruna in the House for Catarrh, Coughs and Colds.

MR. AND MRS. PETER HOFFMAN, KYLERTOWN, PA.

Mr. Peter Hoffman, Kylertown, Pa., writes:

"I was deaf for five years and could find no help. I was completely deaf; was afflicted with shortness of breath, bronchitis, trouble in the throat, so that I was in misery. Through one of Dr. Hartman's almanacs I decided to try Peruna, and bought a bottle.

"I took three bottles and now feel real well; my hearing is good again; I can breathe without difficulty; my throat is no longer inflamed. I followed all the directions, and can now say that Dr. Hartman's Peruna has cured me.

"I recommend it to all suffering with catarrh. I am seventy-one years old, have an appetite again and can work. I feel ten years younger."

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safe-guard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

Mrs. Peter Hoffman also writes:

"I was sick for many years; suffered with the liver, stomach and kidneys. I had seven doctors, but none could cure me, as they did not know what ailed me.

"Every one who saw me said that I could not live very long. I began to take Peruna and grew better every day. The severe pains in the stomach have disappeared. I am now well and have a good appetite. I am seventy years old and can do my work without getting tired.

"Peruna is the best medicine in the world for catarrh. Your good Peruna has saved my own and my husband's life."

Mr. Robert Metters, of Murdock, Bas Co., Neb., Box 45, writes:

"I had catarrh from my head all through my system. I took Peruna until I was entirely cured. I am eighty-three and a half years old, and feel as young as I did ten years ago.

"I visited recently among some old friends, who said I looked as young as I did twenty years ago."

Address The Peruna Medicine Co., Columbus, O., for a free catarrh book.

MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

MRS. McDONALD,

Mrs. Ida McDonald.

No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States.

Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the shallow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

"For four years I suffered with torpid liver until my skin looked yellow and dull. I then found my kidneys were affected and had severe pains across my back, and I felt

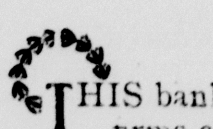

that I must do something to regain my health. A friend advocated my Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement."

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Theodor's Black-Draught.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

Arguments in favor of a municipal
code bill for Ohio cities and towns
seem to multiply. It is strongly as
serted that many cities are governed
by laws which are quite as unconsti
tutional as that which the supreme
court has declared void in the case of
Cleveland. Had the legislature com
plied with the wishes of a great num
ber of the people, as expressed by
petitions, the present confusion might
have been averted.

President Roosevelt, on his present
tour, will do no public handshaking.
He is a strong man physically, but that
is no reason his strength should be
wasted in following out a senseless
custom. Many of his predecessors
have found their vacation trips veri
table ordeals because they felt it in
cumbent to grasp the hands of thou
sands. It is time that the practice
were abolished, and President Roose
velt will lose no friends by stopping it.

The action of the East End police in
determining to stop the illegal use of
firearms is most commendable. A simi
lar course should be pursued all over
the city. Let those who want to in
dulge in revolver or rifle practice take
to the woods. A populous city is no
place for such pastime.

Dewey talks as he shoots—straight
to the point. His testimony as to
what occurred at Manila should settle
forever a lot of lies told by Aguinaldo
and other Democrats.

"The legislators," remarks the To
ledo Blade, "can now see the
monkeys the politicians made of them
in preventing the passage of the mu
nicipal code bill."

A New York astrologer predicts that
disturbances are likely to take place
throughout the country on July 4. The
astrologer for once at least is un
doubtedly right.

The Wabash has got hold of another
railroad, this one being in Maryland.
Wish it would acquire some of the un
built ones in Columbiana county.

East Liverpool may not have a hal
cyon and vociferous Fourth of July,
but the Turners will do their best to
make it an enjoyable one.

A Toledo man has been granted a
divorce from his wife on the ground

that she compelled him to move 28
times in 18 months. Not being a per
petual motion crank, he finally rebelled,
and men who have been through a small
portion of his frightful experience will
sympathize, rather than condemn.

If the various Democratic factions
continue in their present mood, the
work of the 1904 Republican campaign
committee ought to be easy.

Since Dewey has been heard from
not even Edward Atkinson will have
the hardihood to refer to Aguinaldo as
the Filipino George Washington.

The Fourth of July comes next week.
The cannot cracker, the toy pistol and
the coroner are all looking for a sea
son of activity.

Congress may adjourn before the
Fourth, giving some people additional
reason for celebrating enthusiastically.

Broken sidewalks appear to be just
as numerous as they were before the
city council ordered them inspected.

As a harmonizer Col. Bryan is just
as great a failure as he has been in
other lines of effort.

The antis probably wish that they
had never had Dewey summoned as a
witness.

POTTERY NEWS

The present condition of the pottery
industry of the country prevented the
placing of an order for from 10 to 12
car loads of ware in this city during
the past fortnight. Each piece of ware
was to be decorated, and as the cost
of a car load of decorated ware is
variously estimated at from \$3,000 to
\$4,000, the fact that this order was not
placed while the buyer was in the
city, may mean a serious loss to some
of the manufacturers. The company
which had its representative here has
always placed its business with the
East Liverpool manufacturers.

The S. P. A. camping club, compos
ed of a number of pottery workers of
this city, will leave next Thursday in
a special car for Coshocton. There
will be about 25 men in the party, in
cluding the famous hunting dog,
"Rocks," owned by Jack Clark, a kiln
man at Vodrey's. The club will re
main in camp for several weeks. Mr.
Holtzman is president of the club and
Mr. Cartwright is secretary.

It is learned, and from a source
considered most reliable, that the West
End pottery will take but one day this
year, and that will be July 4. It is al
so stated that this is but following the
policy of the company for the past
eight years, when no time at all was
lost. Several other plants in the city
may follow the same plan, though no
official announcement to that effect
has been made.

Packers' local No. 25 at a meeting
last evening elected the following offi
cers for a term of one year: Presi
dent Byron Foutts; vice president,
Louis Hayden; recording secretary,
Frederick Pennington; financial sec
retary, John Brookes; treasurer, Wil
liam Denning; statistician, William
Swindells; one per cent secretary,
John Atkins; inspector, Carl Brothers,
outside guard, Charles Knoblock; in
side guard, Mack Poole; trustee, for 18
months, Wash Williams; trustee, for 6
months, Lysle Ashbaugh. The audit
ing committee that was appointed at
the last session made a report that
was quite satisfactory, and at the next
session of this local the new officers
will be installed. The communication
relating to the recent joint conference
was acted upon at this meeting, which
did not adjourn until about 11 o'clock.

Kilnmen's local No. 9 held a session
last evening that was considered to
have been the most important held by
the local for several months, or for
that matter for a year. It was at this
session that the report of the joint con
ference was read to the local, and the
discussion in this matter occupied
most of the evening. The press com
mittee of the local would not talk of
this part of the proceedings. Several
new members were admitted to the
local and other routine business was
talked over.

Local No. 44, of Sebring, elected, the
following officers at their meeting
Tuesday evening: President, Harry
McMasters; vice president, James Cur
ren; recording secretary, Charles Pink
erton; financial secretary, C. J. Blum
entiel; clerk, Virgil B. Slater; guard,
Kate Sullivan; inspector, Homer Wol
lam; trustees, Harry Green, W. S.
Crewson.

Kilndrawers' local No. 17 will meet
in regular session this evening. The
meeting will be the most important
held by that organization in months.
Besides the election of officers the
communication relating to the recent
conference will be discussed.

Albert Stanley, employed about the
decorating kilns at the Wallace &
Chetwynd pottery is suffering with a

very sore hand. He had a felon on
one of his fingers for several weeks,
and the finger is in such condition at
present that it is feared a portion of
it will have to be amputated.

W. J. and H. B. Harvey, promoters
of many potteries and other industries
at Derry Station, Pa., were in the city
yesterday. It is said that but one pot
tery is to be built at this town, and
with other industries, is for the pur
pose of booming a land sale.

All the glost kilns at Laughlin No.
3 are being whitewashed, and the
bands and other iron work is being
varnished. The work when completed
will make the shop look as neat as
any in the city.

One of the buyers for the American
Cereal company, stationed at Chicago,
who has been in the city for some
time, looking over the several supply
rooms, returned to his home yesterday
morning.

Adam Fenwick, kiln-drawer in the
Bucyeye pottery, left Saturday morn
ing for a week's visit at Sturgeon, Pa.
Mr. Fenwick was badly hurt some
weeks, but is now able to work again.

The glost kilnmen at Laughlin No.
2 stopped work last evening for two
weeks. A number of the men have
planned trips and propose to take
what they claim is a much needed rest.

It stated that the Brunt pottery will
be operated until next Thursday even
ing, and the plant closed down proba
bly for two weeks.

Adam Hill, who was one of the or
iginal members of the Royal China
company, has disposed of his interests
in that concern.

Frank Earl, a kilnman at Vodrey's,
is ill at his home with fever. He has
been confined to his room for several
days.

Frank W. Fowler, vice president of
the Union Potteries company, was in
the city yesterday on business.

HE WANTED TO GO HOME.

Georgia Boy's Unique Excuse For
Getting Out of His Work.

One Saturday in July, says J. H.
Hale in the World's Work, I came
upon a boy of fifteen or sixteen crying
as though his heart would break. In
reply to my inquiry I was told, "Mother
is dead, and I want to go home!" Of
course, I said to him, "Well, go and
see the superintendent, and he will give
you an order on the office." The boy
moaned, "I dun see him, and he won't
let me off till bell time."

This seemed hard when one boy's
work would count for so little among
several hundred, so I took him in the
buggy and hurried back to the office,
giving an order that he be paid off
and let go at once; but I was politely
told that "the superintendent's orders
are that no one is to be paid till night."

After I had insisted in rather strong
language that I might possibly be a
bigger man than even the superintend
ent the lady assistant began a series
of sharp questions, finally bringing out
the date of "mother's" death as "de
26th ob last Feb'y!" I sneaked off,
realizing that there were some phases
of the peach business I had better not
meddle with.

WELLSVILLE

CHARGED WITH STEALING

Wellsville Lad, Formerly in Fairmount Home, in Youngstown Jail.

Supt. Southworth, of Fairmount Home, was in Youngstown on Thursday to see Raymond Clyde, a former inmate of the Home, now confined in Mahoning county jail on a charge of horse stealing. Clyde was taken into the Home about three years ago from Wellsville, where he was known as a bad boy. He remained in the Home for about eighteen months and a great reformation was apparent, and the boy changed from an incorrigible to a very tractable young fellow.

About eighteen months ago a home was found, near Canfield, for the boy, then about 13, in the home of Isaiah Goodwin was well pleased with the accession to his family. The boy, however, manifested a desire to appropriate property which did not belong to him and was detected in stealing eggs and marketing them. Later he stole a horse, drove recklessly, collided with another rig and landed in Youngstown jail. The boy will probably be placed in Mr. Southworth's care again.

STRUCK A BUGGY

A Street Car Wrecks a Rig and Gives Occupants a Narrow Escape.

A street car smashed into James Moore's buggy on Eighteenth street, and broke the rig beyond repair, yesterday. Mr. Moore had not seen the car, which was approaching from the rear. He was thrown violently to the pavement and considerably bruised. The horse was uninjured.

The occupant of the buggy had a very narrow escape. He will ask damages.

POISON IN MILK

The Supposed Cause of a Wellsville Family's Sudden Illness.

The entire family of J. B. Hayes, who live at Fourteenth and Main streets, consisting of Mr. Hayes and wife, a grown up son, and daughters and younger children, became very sick immediately after eating dinner yesterday. All recovered within a few hours.

It is thought they were victims of ptomaine or milk poisoning.

Candidates Are Many.

There is already a large list of candidates for the appointment of meat and milk inspector. The board of health will attach a fat salary to the job. Friends of the following gentlemen have out petitions or are urging the claims of their respective favorites: Charles McGregor, Sr., J. N. Turner, Dr. F. K. Hutcheson, Colonel James Noan, J. G. Kountz, Dallas Pittinger, Joseph Gamble, George Niles, J. M. Wortman, Rev. J. A. Armstrong, Judge Haney, Jeff Patterson, J. T. Warren, Dr. Al Fraser and Anthony Rash.

Two Insane Patients.

Two men were taken from this city by Sheriff Leonard to Lisbon last evening to be tried for insanity. Zimri Whitacre has been in the city jail a week, the local police thinking him intoxicated. He was once a wealthy horse buyer, but used liquor to excess. Job Wilkinson, a man of family living in the West End, has been out of the hospital for the insane only a few months, and will have to be returned.

Bones Badly Shattered.

J. S. McGrail, of the C. & P. wrecking crew, is indisposed with a fractured elbow, at his home on Fourteenth street. His arm was struck by the whirling of a crank to the heavy crane while the crew was putting a

car on the tracks in the lower yards yesterday. The bones are badly shattered and amputation may be necessary.

Masons' Narrow Escape.

A close call for three stone masons occurred at the sheet steel mill last evening. They were laying the foundation for a large melting pot beneath the ground. A piece of terra cotta weighing over 100 pounds dropped 10 feet and narrowly missed striking E. M. Moncrief, Charles Custer and Geo. Marshall.

Railroad Man's Funeral.

H. S. Sattow, of Clark avenue, has returned from Parkersburg, W. Va., returned from Parkersburg, W. Va., cousin, Riley C. Sattow, aged 22, who was knocked from the top of a car by an overhead bridge at Moundsville, W. Va., and ground to death.

The strike of the bricksetters at the Buckeye plant in lower Wellsville continues. Including the helpers 35 men have been out of employment for a week. An agreement is expected by Monday morning.

PRESBYTERIAN PICNIC

An Attractive Program Carried Out by Rock Springs Visitors Yesterday.

It was Presbyterian day at Rock Springs park yesterday and the crowd was one of the most orderly and pleasantly inclined throngs that have visited the park so far this season.

The following interesting program was the main feature of the day: 10:20 a. m., baseball (15 years and younger); 11:30 to 12:30, luncheon; 12:30 to 1:30, exercises—hymn, "Stand Up, Stand Up for Jesus"; prayer, Rev. D. A. Cunningham, D. D.; hymn, "Like an Army We are Marching"; address, Rev. J. A. Doahey; hymn, "America"; 2 p. m., baseball—championship game, First church Sunday school vs. Second church Sunday school; 4 p. m., 100 yard dash (boys 12 to 16); 4:30 p. m., potato race, 50 yards all comers; all day—roller coaster, merry-go-round, boating, bowling, shooting gallery, croquet tennis; afternoon—open air concert, park band.

Everybody got away in good shape in the evening and not a single accident happened to mar the occasion.

FIRST STREET GRADE

An Important Matter Which Will Be Brought Before Council.

Another important matter that will require the attention of council at its next session is the changing of the grade from First street to Second street on Carolina avenue. In some places the grade is so lowered that it leaves a cut on either side of two and one half feet. The property owners are indignant and will perhaps change the grade about foot and a half.

A further petition by citizens will also be presented for paving in addition to the paving of Carolina avenue, already petitioned for, extending from Fourth street to Rock Springs park, instead of from Third street, as was originally intended.

OVER THE BANK

Caboose and Box Car Left the Track and the Car Was Wrecked.

The New Cumberland branch local freight ran a caboose and box car off the track and over the bank yesterday at the switch intersection near the Chester Manufacturing company's works. The freight car was badly

mashed, but the caboose sustained no damage. The caboose jumped the track first, causing the accident.

The services of the wreck train were required yesterday at noon to clear away the wreck, and the excursion trains were delayed somewhat by the accident. No one was injured.

POISON VICTIMS BETTER

There Was Arsenic in the Coffee That the Cunninghams Drank.

Mr. and Mrs. A. P. Cunningham, who were poisoned, are both better today although Mr. Cunningham is still confined to his bed. Druggist C. T. McCutcheon made a test of the coffee to-day and found the presence of arsenic in it. He will make two further tests later.

Beaver County Oil Field.

Oil developments have been revived again in the lower end of Beaver county by Smith, Freshwater and others drilling wells in the Harrison pool. Two new wells are due today. Gailey & Bros. have started a new well in the vicinity of an old field in the section opposite Industry. Lots of leases, in what has been developed as a new pool were made Thursday, and a great deal of activity will result from these new ventures.

Wages Attached.

Squire Johnston's court heard a number of attachment cases today on board bill accounts, garnisheeing wages in the hands of the mill company, against the following parties: John Kinney, Joseph Timmons, L. A. Malone and C. M. Sinnott. Mrs. R. M. Russell also attached the wages of Charles Potts for \$10.50, due on a board bill.

New Oil Wells.

Test oil wells were begun this week on the farms of James McKinsey and B. F. Guy, who live near Harshville, in the interior. Two will be drilled on each farm, and they are far away from any present operations. A Pittsburg company has the drilling contract.

Interesting Cases.

The common pleas court of Hancock county will convene Monday, and quite a number of cases are on the docket. There will be about 40 or 50 witnesses for the defense in the "rikk" cases and an equal number for the prosecution.

CHESTER NOTES.

Mrs. A. Baxter has gone to the country for a few days' visit.

Miss Alma Holtz was the guest of Chester friends yesterday.

Joseph Tingle, of First street, is recovering from a serious attack of typhoid fever.

Miss Hazel Anderson has returned to her home in Beaver, Pa., after a pleasant week's visit.

Grounds will be broken the first of next week for the new six-room residence of Allen McDonald, Indiana avenue and Sixth street.

Mr. and Mrs. Samuel Jackson and Mr. and Mrs. Duval, of Lawrenceville, are rejoiced over the advent of new daughters into their households.

Rev. George Allison, of New Cumberland, will fill the pulpit of the M. E. church on next Sunday morning at Chester, and Rev. J. R. Hosick in the evening. Rev. H. M. Carnahan, the present pastor, goes to New Cumberland Sunday morning to fill the pulpit of Rev. Mr. Lloyd, who is ill with typhoid fever.

FINANCES IN FINE SHAPE.

Trade Well Maintained, Except Distribution of Midsummer Specialties—Manufacturing Active.

New York, June 28.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Foreign markets were badly deranged by the sudden illness of the king, and there was much liquidation prior to the closing of British exchanges from Wednesday afternoon to Monday morning. Domestic financial conditions are exceptionally satisfactory and trade is well maintained, although low temperature interfered with the distribution of midsummer specialties. Manufacturing operations have increased in activity, especially in the iron and steel industry and textile production, while the constructive work on new buildings and bridges is very heavy. Labor difficulties have not improved in the anthracite coal region, but numerous settlements have been effected elsewhere. Railway earnings thus far reached for June exhibit an average increase of 4.6 percent over last year and 17.7 percent over 1900.

Furnaces Resumed With Coke. Most of the blast furnaces that were stopped by the scarcity of anthracite coal have resumed with coke, of which the ovens have established new records of output, and shipments have been still larger, owing to the stocks accumulated during the coal shortage.

Despite the vigorous pig iron production, numerous contracts have been placed abroad, and still the machine shops, manufacturers of stoves and implements and consumers generally are seeking deliveries. Structural

shapes of steel and all forms of railway equipment continue to lead the market, orders in these lines running far into next year. Bars and sheets are the least active divisions of the market, but even in these there is no tendency of weakness. Higher freights have not materially checked importations, and it is reported that a large structural mill in Germany has sold its output for this year to American consumers. Another evidence of domestic needs is the placing of a Mexican rail contract with British producers, which would ordinarily have been taken in this country.

Woolen goods have been taken more freely, especially the better qualities, and clothing manufacturers are preparing for a large fall trade. Raw wool is in better request at eastern markets, but the new clip is held at a premium that limits trade.

Agricultural Prospects Good. Agricultural prospects are far above the average, and rapid progress is made with winter wheat harvesting. Delays have been encountered from heavy rain, while injury has occurred in the southwest from drouth, but these adverse influences are less extensive than usual. Wide differences between cash prices and next crop options indicate the views of traders. The week brought little operation in spot operations, light supplies holding all cereals fairly steady.

Failures for the week numbered 200 in the United States, against 204 last year, and 20 in Canada, against 23 a year ago.

VICTORY FOR PARKERSBURG

From Down the River Did
East Liverpool Up in a
Great Game.

FINAL SCORE WAS 16 TO 6

The Contest Was Much Better Played
and More Interesting Than the Pre-
ceding One—Locals Made Four
Runs in the Seventh Inning.

Parkersburg came out victorious
once more and it certainly had easy
picking. Only one inning was required
to do the work. It was not the lucky
seventh either.

The visitors say that the sixth is
when they make them all. Their state-
ment can hardly be doubted; that is,
if they are in the habit of doing the
same trick every day in the week that
they turned in the sixth in this mem-
orable game. Seven, four bases on balls
and five hits almost filled the frame.
Winters couldn't help it. He did the
best he could and that is all that Man-
ager Walsh asks. Adams in this in-
ning was the first man up. He walk-
ed. O'Neill did likewise.

Winters went straight up in the air.
The plate looked to him every time as
if some one had moved it at least three
feet. Leonard, the next man up topped
it off with a pretty two-base hit. Doc
Howard was then noticed holding
Winters to keep him close to terra
firma. He wanted to go and hunt
some ill-fated balloonist.

Klinworth rubbed it in when he took
a walk and Sapp surely sapped the life-
blood when he followed suit. DeVare
was not satisfied to let the good work
cease and pounded out a single.
"Grandpa" Murphy took a little pity,
being well up in years, and understand-
ing what the possible results of an
awful drubbing are, and struck out.
That nerved Winters a little, but he
was shattered worse than ever when
Johnston applied his bat so hard that
the ball did not find a resting place
until it reached the dressing room
near the street car track. And Adams,
he was not satisfied. He took advan-
tage of a nice one and landed it over
second, but he finally did show signs
of weakening and let Emmerling put
him out on O'Neill's hit to John Hack-
athorn.

Thus ended the greatest inning for
slugging and walks witnessed on local
diamonds for years. As a rule a team
thinks it has done pretty well when it
totals in an entire game a like number
of hits, runs, etc. The West Virgin-
ians do not. They have been in the
habit of committing such crimes.
The "hoop polers," however, must
not be credited with doing all of the
playing in one inning. East Liverpool
also made a creditable sport and that
in less than two innings. As usual it
was in the seventh. Fred Hackathorn
started it with a clean hit and stole
second. He rested there, however, for
a few minutes, for Webb stood up and
whaled away at three imaginary balls
and was retired. DeVare at this point
became so elated that he threw the
next four balls wide of the plate and
allowed Emmerling a walk. Winters
won where Adams lost, getting first on
the latter's error. Daniel's got field-
er's choice and when Harker placed a
hit he scored making a total of four
in the single round. In the eighth and
ninth they went out by the one, two,
three method and consequently the
game went to the visitors for the sec-
ond time.

Daniels, a member of the old Eclipse
team, played a nice game in middle
field. He hasn't forgotten the game

A HARD STRUGGLE

Many an East Liverpool Citizen Finds
the Struggle Hard.

With a back constantly aching.
With distressing urinary disorders.
Daily existence is one of struggle.
No need to keep it up.
Doan's Kidney Pills will cure you.
East Liverpool people endorse this
claim.

Mr. Henry Bevington, who resides
at the corner of Avondale and Brad-
shaw avenue, says: "During three
years I had attacks of dull, steady
aching in the back. When stooping or
sitting for some time it would change
to a quick pang as I arose to an up-
right position. My back tired out
easily when walking or standing long,
and I often had headaches, dizziness,
and in the mornings great depression.
I took medicines, many of them, but
found Doan's Kidney Pills, sold at the
W. & W. pharmacy, to be more suit-
able for my complaint than anything
I had ever tried."

FORCED CIVIL GOVERNMENT.

Witness So Indicated as to Gardener's
Policy—Under Impression That
Newberry Murdered Natives.

Manila, June 28.—Captain Matthew
F. Steele, Sixth cavalry, testified yester-
day in the investigation of the
Gardener charges. His testimony was
in part:

He left Tayabas province in 1901.
He said that, acting under Major
Gardener's orders and after protest-
ing, he placed the principal residents
of Luchan under guard during the
vote for local president, and that they
complained bitterly of the action
taken. Witness left them, and when
he returned he found they had voted
for a criminal who was in jail. He
told them they must elect another
man. Witness firmly believed they
voted for the men they most hated.
The man elected president protested
and pleaded to be relieved, but he was
compelled, under threat of being put
in the guard house, to accept the of-
fice.

Captain Steele said that among his
brother officers Major Newberry,
formerly of the Thirtieth regiment of
volunteers, who testified before the
board on Wednesday, was reputed to
have used a perfectly unscrupulous
method of obtaining information from
natives. Once the witness asked him
if he had killed five natives with his
own hand and got the understanding
that he had killed several men with
his Mauser pistol. Witness did not
ask the reason for this and was not
prepared to say that Newberry had
actually killed them, but that was
Witness' impression.

AMNESTY TO NATIVES

Cabinet Decides on Terms of a
Proclamation to the
Filipinos.

TO BE ISSUED ON 4TH OF JULY

If Philippine Government Bill Is a
Law That Day, and if Acting Gov-
ernor Wright Approves—Aguinaldo
to Be Included.

Washington, June 28.—At the meet-
ing of the cabinet yesterday the terms
of an amnesty proclamation to the
Filipinos, which it is contemplated to
issue on the Fourth of July, were
agreed upon. The war department
for some time past has had under con-
sideration the draft of a proclama-
tion and has found it necessary to
make a number of changes in its
text. In its modified state it was
agreed to by the cabinet yesterday
and Secretary Root will cable it to
Acting Governor Wright for his in-
spection. If it meets the latter's ap-
proval nothing will remain but for the
president, if the Philippine civil gov-
ernment bill is a law on that day, as
is now expected it will be, to issue on
Independence day a formal proclama-
tion setting forth terms of amnesty
for any political offenders in the
islands, including Aguinaldo and those
held at Guam.

To Restore Peace in Islands.

The proclamation is based on the
general objects of the Philippine gov-
ernment bill, namely, to restore peace
in the archipelago and substitute a
civil for a military administration.
That bill is now in conference and the
proclamation will not be issued until
the Philippine government measure
has been agreed upon by both houses
and the president has affixed his sig-
nature to it. The proclamation will
declare that a state of peace now ex-
ists in the Philippine islands, save in
the parts of the archipelago where
the Mindanao or Pagan tribes are
giving the United States a great
amount of trouble, and will declare in
effect that with the transfer of the
government of the archipelago from a
military to a civil status, all those
arrested and held for political of-
fenses shall be restored to liberty,
granted full amnesty, and allowed to
participate in the civil government
that is to be inaugurated on the
islands. While the proclamation is
subject to changes in text, the gen-
eral language of the document is
pretty well mapped out. There was
a general discussion yesterday of the
treatment that should be accorded
the political prisoners on the islands.

Affects Only Political Prisoners.

There is no intention, it is stated,
to release those prisoners convicted of
other than political offenses, the bene-
fits of the amnesty being limited to
those in custody as a result of
breaches of military law, leaving
criminal offenders to the action of the
proper authorities under its coming
civil government. When the islands
are turned over to the civil authori-
ties they will not be left without ade-
quate military protection, as no more
troops will be ordered home for the
present, and every precaution will be
taken for the military safeguarding
of the islands under the new civil ad-
ministration.

Hopeful of Taft's Efforts.

Another subject under consid-
eration at the cabinet meeting yester-
day was the negotiations for the
purchase of the friars' lands in
the Philippines. Secretary Root took
with him to the meeting all the cor-
respondence which has passed be-
tween himself and Governor Taft
while the latter has been carrying on
his negotiations at Rome. It is un-
derstood that Secretary Root feels
great confidence in a successful out-
come of Governor Taft's efforts.

The cabinet meeting was held in
the president's temporary quarters on
Lafayette square and was the first
time in 88 years that a regular session
of the cabinet was held outside the
White House.

DEWEY DIDN'T REPLY.

SAID HE WOULDN'T ANSWER CAR-
MACK'S QUESTION.

Believed Aguinaldo Was In Philip-
pines For Loot and Money—Por-
tion of Testimony.

Washington, June 28.—Admiral
Dewey continued his testimony be-
fore the senate committee on the Phil-
ippines yesterday. The testimony
was in part:

Speaking of Aguinaldo's loyalty,
the witness said that he had become
suspicious of that leader before the

those were my words, and I think
that is what he was there for. Do

himself, "think he was there for any-
thing else?"

"I do," responded the senator.

receipt of his proclamation of July
15. He said: "I began to suspect
that he was not loyal to us when he
demurred to moving out of Cavite
when our troops arrived."

"You mean that they were thinking
more of their own independence than
of us?"

"Yes."

Believed He Used Peace Money.

Admiral Dewey also testified con-
cerning the arms sent to Manila by
Aguinaldo, and Senator Dietrich
asked the admiral if "he did not be-
lieve that the arms were purchased
with money previously paid by Spain
to secure peace and that it was his
intention to use the money to foment
another insurrection."

The admiral's reply was: "Ex-
actly so."

Mr. Patterson called attention to a
number of proclamations forwarded
by him to Washington in May, but Ad-
miral Dewey said he did not remem-
ber having read them, and in explana-
tion of his failure in this respect he
said:

"The days and nights were not long
enough for me to get through with
my work at that time. Evidently I
did not consider the proclamations as
of importance if I did read them, for
I made no comment on them."

The reading of these dispatches was
followed by a number of questions.
"Knowing of Aguinaldo's expecta-
tion and purpose to secure independ-
ence," said Mr. Patterson, in begin-
ning a question, but before he had
concluded he was interrupted by the
witness, who said: "No, I did not
know that."

"Then you believed such to be his
purpose?"

Believed He Was After Gain.

"I didn't believe it, and since you
have asked my opinion, I will say that
I believe he was there for gain—for
loot, for money, and I further believe
that independence never entered his
head."

Senator Carmack then put a num-
ber of questions to the witness. Re-
plying to these the admiral said it was
true he had assisted Aguinaldo in or-
ganizing his army by supplying him
with arms, etc.; that at that time
there was no American soldiers in the
Philippines, and that Aguinaldo had
complete control of his own forces,
and that he was under no restraint.
He having laid the foundation by se-
curing these statements, which were
in reiteration of what the admiral had
said in his testimony Thursday, Mr.
Carmack asked the witness why he
had done so much to aid a man whom
he regarded as "a common robber and
plunderer."

Apparently Embarrassed Dewey.

The admiral did not reply immedi-
ately. His face reddened and he
laughed. He then said the senator
had not quoted him accurately, but
he admitted that he had said Agui-
naldo had gone to Manila for pillage
and plunder. He added, "You know
the old saying that 'all is fair in
war.'"

"Do you consider it fair in war to
assist a known plunderer and robber
in an enemy's territory to pillage
without restraint?"

"I believe it is, as I read history."
"Then you admit that you assisted
this robber and plunderer to organ-
ize, etc.?"

"I didn't then call him a robber and
plunderer; I called him the 'insurgent
leader.' I have said here that he was
there for money and loot. I think
those were my words, and I think
that is what he was there for. Do
you," he said, turning interlocutor
himself, "think he was there for any-
thing else?"

"I do," responded the senator.
Admiral Very Emphatic.

"Well, I don't," said the admiral

and as if to express his opinion still
more emphatically, he repeated, "I
don't," and added, "I swear I don't."

In answer to questions he said he
believed he knew Aguinaldo better
than the army officers.

"Did Aguinaldo tell you that he was
there for money and loot?"

"I saw in his actions that he was
he was taking everything in sight—
provisions, munitions, etc."

"From the Spaniards?"

"From everybody."

"For himself?"

"I expect he got the lion's share."

"You don't know of a single dis-
honest act on the part of the man,
and yet you regard him as a thief?"

Dewey Decided Not to Reply.

Just before this question was asked
Senator Lodge, as chairman of the
committee, had announced that 12
o'clock, the hour for adjournment, had
arrived. The admiral took advantage
of this announcement to cut short a
line of inquiry that was plainly an-
noying him. He rose as the last ques-
tion was being propounded, and when
it was concluded said:

"I think I shan't answer that ques-
tion."

He then took his hat and left the
room with a polite word of adieu, but
without being formally dismissed.

The examination of the admiral will
be continued today.

BLOCKED UNANIMOUS CONSENT.

Threat of Moon Unless Recognized on
Indian Territory Bill.

Washington, June 28.—The house
yesterday began consideration of the
contested election case of Horton vs.
Butler, from the Twelfth Missouri dis-
trict. In this case the majority of the
committee found that the election was
so tainted with fraud as to make it
invalid and recommended that the
seat be declared vacant. The minority
found that Mr. Butler, the sitting
member, had been legally elected and
recommended that he retain his seat.
Three hours' debate on a side were
allowed. The speakers yesterday
were Messrs. Smith, of Iowa, and
Partholot, of Missouri, in favor of the
majority, and Mr. Bowie, of Alabama,
in favor of the minority report. The
vote will be taken today. Some odds
and ends were cleared up during the
early portion of the session. Re-
quests for unanimous consent, for
which there is always a great demand
during the closing days of a session,
were suddenly blocked yesterday by
Mr. Moon, of Tennessee, who told his
friends that he would object to all
such requests until he was recognized
to ask consideration of the bill to give
the Indian territory a territorial form
of government.

Apparently Embarrassed Dewey.

The admiral did not reply immedi-
ately. His face reddened and he
laughed. He then said the senator
had not quoted him accurately, but
he admitted that he had said Agui-
naldo had gone to Manila for pillage
and plunder. He added, "You know
the old saying that 'all is fair in
war.'"

"Do you consider it fair in war to
assist a known plunderer and robber
in an enemy's territory to pillage
without restraint?"

"I believe it is, as I read history."
"Then you admit that you assisted
this robber and plunderer to organ-
ize, etc.?"

"I didn't then call him a robber and
plunderer; I called him the 'insurgent
leader.' I have said here that he was
there for money and loot. I think
those were my words, and I think
that is what he was there for. Do
you," he said, turning interlocutor
himself, "think he was there for any-
thing else?"

"I do," responded the senator.
Admiral Very Emphatic.

"Well, I don't," said the admiral

and as if to express his opinion still
more emphatically, he repeated, "I
don't," and added, "I swear I don't."

In answer to questions he said he
believed he knew Aguinaldo better
than the army officers.

"Did Aguinaldo tell you that he was
there for money and loot?"

"I saw in his actions that he was
he was taking everything in sight—
provisions, munitions, etc."

"From the Spaniards?"

"From everybody."

"For himself?"

"I expect he got the lion's share."

"You don't know of a single dis-
honest act on the part of the man,
and yet you regard him as a thief?"

Dewey Decided Not to Reply.

Just before this question was asked
Senator Lodge, as chairman of the
committee, had announced that 12
o'clock, the hour for adjournment, had
arrived. The admiral took advantage
of this announcement to cut short a
line of inquiry that was plainly an-
noying him. He rose as the last ques-
tion was being propounded, and when
it was concluded said:

"I think I shan't answer that ques-
tion."

He then took his hat and left the
room with a polite word of adieu, but
without being formally dismissed.

The examination of the admiral will
be continued today.

BLOCKED UNANIMOUS CONSENT.

Threat of Moon Unless Recognized on
Indian Territory Bill.

Washington, June 28.—The house
yesterday began consideration of the
contested election case of Horton vs.
Butler, from the Twelfth Missouri dis-
trict. In this case the majority of the
committee found that the election was
so tainted with fraud as to make it
invalid and recommended that the
seat be declared vacant. The minority
found that Mr. Butler, the sitting
member, had been legally elected and
recommended that he retain his seat.
Three hours' debate on a side were
allowed. The speakers yesterday
were Messrs. Smith, of Iowa, and
Partholot, of Missouri, in favor of the
majority, and Mr. Bowie, of Alabama,
in favor of the minority report. The
vote will be taken today. Some odds
and ends were cleared up during the
early portion of the session. Re-
quests for unanimous consent, for
which there is always a great demand
during the closing days of a session,
were suddenly blocked yesterday by
Mr. Moon, of Tennessee, who told his
friends that he would object to all
such requests until he was recognized
to ask consideration of the bill to give
the Indian territory a territorial form
of government.

Apparently Embarrassed Dewey.

The admiral did not reply immedi-
ately. His face reddened and he
laughed. He then said the senator
had not quoted him accurately, but
he admitted that he had said Agui-
naldo had gone to Manila for pillage
and plunder. He added, "You know
the old saying that 'all is fair in
war.'"

"Do you consider it fair in war to
assist a known plunderer and robber
in an enemy's territory to pillage
without restraint?"

MISS JULIA McCORMICK SAYS FOR LIFE PLANT.

Canton, O., May 22, 1902.
The Life Plant Co., Canton, Ohio.

Gentlemen:—Three years ago I was very sick; had no ambition whatever and was run down until I was miserable. I heard of Life Plant and decided to try it. Took two bottles of the medicine and it cured me. I had so much faith in it then that I advised many of my friends to try it. They did so with excellent results in every case. I could name many who have been cured of different troubles by Life Plant. One in particular was cured entirely of catarrh and many others were cured of different diseases. I consider it the best medicine for all blood diseases, General Debility, Asthma, Stomach Trouble, etc., that is made, and advise all who are suffering from such troubles to take Life Plant. I am never without Life Plant and take it at intervals as a tonic. Life Plant is the best medicine I have ever taken.
